2012-13 Equity Report

What are Equity Reports? The Deputy Mayor for Education, the Office of the State Superintendent of Education (OSSE), DC Public Schools (DCPS), the DC Public Charter School Board (PCSB) and NewSchools Venture Fund have partnered to create the city's first Equity Reports. Equity Reports are a complement to OSSE's School Report Cards, DCPS' School Scorecards and PCSB's Performance Management Framework.

The first step in ensuring equity is making the data transparent and comparable. This report is meant to make schools, parents and the larger community aware of metrics related to equity that exist across DC schools.

Equity, when used in education, refers to all students receiving the same caliber of education regardless of the neighborhood they live in or their demographic characteristics, such as their race, ethnicity, special education status or other factors.

ATTENDANCE

In-Seat Attendance Rate (%)

This School 89
City Average * 88

How are attendance and absences calculated?

In-seat attendance measures the average percent of students in the classroom on a given day. Education agencies in the District of Columbia calculate a number of different absence statistics. This in-seat attendance rate enables a close, but not perfect, comparison of daily attendance between DCPS and public charter schools.

DISCIPLINE

Defining discipline. The suspension rates show the percent of students receiving an out-of-school suspension. Any student suspended out-of-school for at least one day is counted on the left, and any student receiving at least one long-term suspension (11+ days) is counted on the right. Subgroup results show the percent of students in that subgroup receiving a suspension.
