

Calling All Chefs!

In celebration of the 2014 Strawberries and Salad Greens Day, OSSE's Farm to School Program is inviting chefs of all ages to develop and submit original recipes that incorporate strawberries or salad greens for inclusion in a recipe book. We encourage students, schools and community based organizations to participate!

Recipes can be geared towards breakfast, lunch, dinner, or snack menus and should include:

- Strawberries and/or salad greens
- Between 5 and 10 ingredients
- Minimal added sugar and salt
- A creative title that describes your recipe
- Number of servings per recipe
- A picture of the recipe and the chef(s)
- 2-3 sentences describing how you came up with the recipe and why it's special to you
- A description of how you obtained any local ingredients in the recipe (home garden, school garden, farmer's market, farm, etc.)

Creativity and Originality are strongly encouraged. Submit your recipes electronically to Erica Steinhart at erica.steinhart@dc.gov. Submission deadline is **Monday, April 29 at 5:00PM.**

Participants are encouraged to use social media to post pictures and descriptions of their recipe development process by using the hashtag [#berriesandgreens](https://www.instagram.com/berriesandgreens).
