*= Schools that have been designated as model school gardens

School gardens are considered active when host schools or organizations report their garden as active through the School Health Profile which is then verified through a site visit, on-line survey, or direct communication with school garden staff. Information was self-reported; while OSSE has worked to ensure the information provided is accurate, OSSE is not responsible for information provided. To report an active school garden, complete this form:

<https://docs.google.com/spreadsheet/embeddedform?formkey=dF9ZQkVNSEZSTzFhZIRhUnlnUXZoQXc6MQ>
