Dependent Eligibility Verification

If you add family members to your coverage, you are required to provide documentation to verify coverage eligibility for the dependents that you add during the Open Enrollment process. When you enroll online, you must also submit dependent eligibility verification. Failure to comply will result in a cancellation of health care coverage for that dependent.

- You are not required to provide verification for any dependents currently covered by any DC Government health plan.
- **Do not send original documents or the actual certified copy**, which would have a raised seal. A copy of the document with the seal clearly visible is acceptable. Retain the original document(s), as **DCHR will not return the documents you submit**.
- **Each piece of documentation must have the employee's name and the last four digits of their Social Security number**. DCHR has the authority to determine whether the documentation satisfies the Plan's requirements. Any fees associated with obtaining documents are the employee's responsibility.

Please see the following list of dependents and corresponding verification documents:

***If the dependent is the subscriber's stepchild, the subscriber must also verify the spouse or state-registered domestic partner to enroll the child, even if not enrolling the spouse/partner in DCEHB and FEHB coverage.*
