Q

Aspire, and Project LEAD of Summit County) and workforce development organizations to collaborate on an industry-based curriculum for healthcare, manufacturing, hospitality, construction, and IT.

All instructors using the curriculum will be part of a three-year study that will be conducted by The Literacy Cooperative. The study will include surveys on the effectiveness of the curriculum, sharing aggregate classroom data on the progress of students when using contextualized curriculum, and the instructor feedback on the ease of use.

Week 1, Day B: Job Titles

Three Key Strategies:

Interdisciplinary

Contextualize

Differentiate

Source: Farrell, M. (2013) "Teaching Adults: GED Test Resource Book" New Readers Press

Contextualize Reading, Listening, Speaking & Writing

Vocabulary: Job Titles

Use objects, images, Oxford Picture Dictionary, and a T chart

Matching Sentences

Match full sentences by reading and listening

Industry

English Language Arts

Dialogue

Read realistic scripts or students create them

"I Can Do It"

Students assess which skills they have learned

Industry Vocabulary

A photograph of a breakfast table set for a meal. The table is made of light-colored wood and is covered with various items: white coffee cups on saucers, glasses of orange juice, small jars of jam or yogurt, a blue mug, and a large red wire basket filled with bread and pastries. There are also plates with small portions of food, including what looks like a small cake or dessert. The background shows a window with a view of a snowy landscape and some decorative items on a shelf.

Tip

Words are easier to retain with concrete objects or realistic pictures.

What is a T Chart?

Thing 1	Thing 2
