- Be administered in grades 3-8 and once in high school
 - Required High School Assessments: Geometry or Integrated Math II and High School ELA II

PARCC Fundamentals

Performance-Based Assessment

PARCC Fundamentals

Performance Based Assessment (PBA)

March 2, 2015- May 8, 2015

End-of-Year Assessment (EOY)

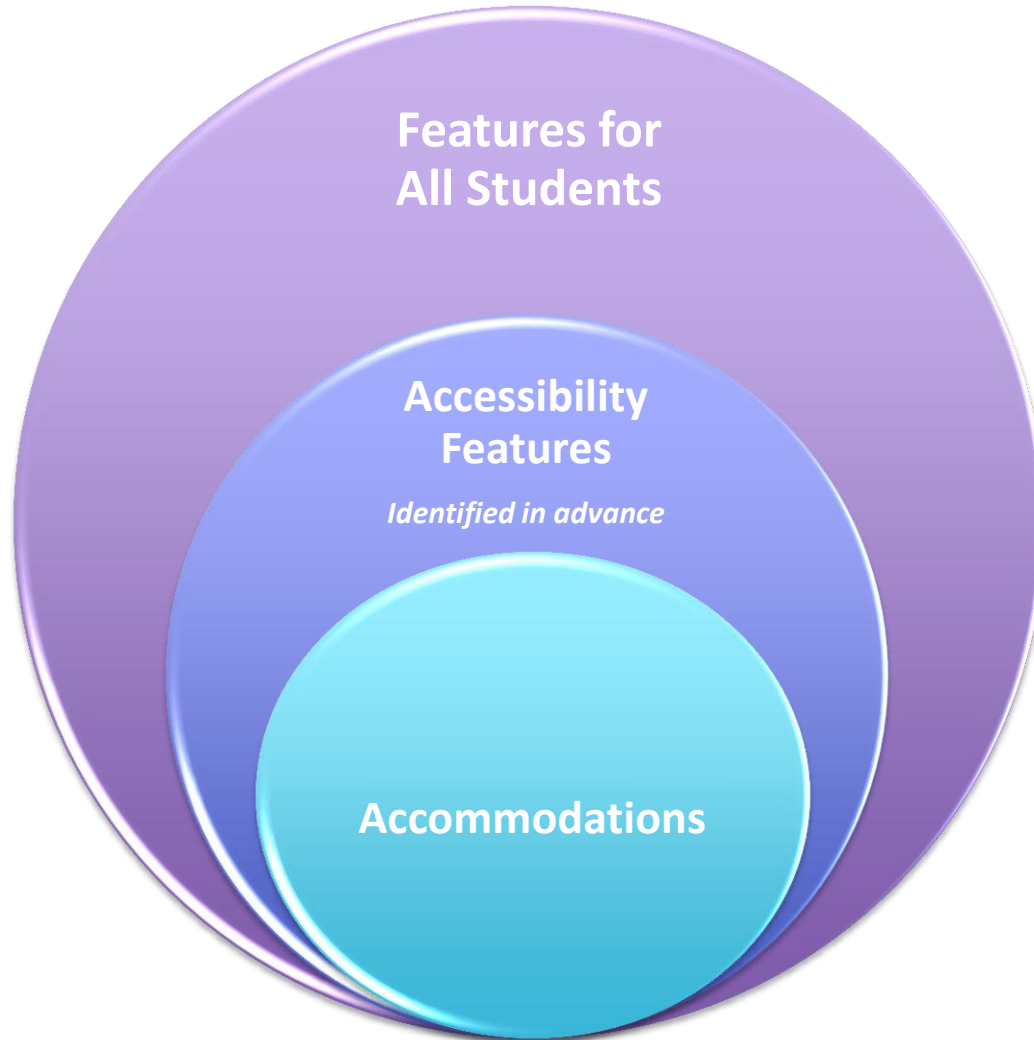

April 13, 2014 – June 5, 2015

- PARCC is timed, which means familiarity with the testing platform is especially important.
- Testing administered in several units. Each unit is 60-90 minutes depending on grade:
 - ELA: 3 PBA Units and 1 or 2 EOY Units
 - Math: 2 PBA Units and 2 EOY Units
 - <http://parcconline.org/update-session-times>
- Scheduling flexibility: Multiple choices for 20 days of computer based admin and 10 days for paper based admin for PBA and EOY.

PARCC ACCESSIBILITY FEATURES VERSUS PARCC ACCOMMODATIONS

PARCC Accommodations and Accessibility Features

PARCC Accessibility Features

Accessibility Features for All Students:

- Accessibility features are available to **all students**, either through the online platform, or externally-delivered by a test administrator.
- Accessibility features are provided onscreen, stored in a toolbar, or are accessible through a menu or control panel, as needed.
- During the assessment, students can choose which accessibility features they need for specific items.
 - Examples include: audio amplification, highlighting, pop-up glossary, etc.

PARCC Accessibility Features

Accessibility Features for All Students

- Available to all students (i.e., not limited to students with IEPs, 504 Plans, or English learners), but will be selected and “turned on” by educators prior to the assessment, based on each student’s Personal Needs Profile (PNP).
- Although educators will enable the accessibility features, the student will decide whether or not to use it. These accessibility features will be available on the computer platform.
- Examples: Color contrast, answer masking, text-to-speech for math.
- <http://osse.dc.gov/service/testing-accommodations>

PARCC Accessibility Features versus DC CAS Accommodations

Many DC CAS Accommodations are now accessibility features for all students.

The table below is a sample comparison of the accessibility features available for all students on the PARCC assessments and the accommodations formerly available on the DC CAS.

PARCC Accessibility Feature	DC CAS Accommodation (If Applicable)	Identified In Advance on the PNP Y/N	Policy for use on the PARCC Computer-based Assessments
Answer Masking	Markers to maintain place	Yes	The student electronically “covers” answer options, as needed.
Audio Amplification	Amplification equipment	No	The student raises or lowers the volume control, as needed, using headphones. Student must be tested in a separate setting if unable to wear headphones.
Background/Font Color (Color Contrast)	Not Applicable	Yes	The student changes the onscreen background and/or font color based on need or preference.*
Blank Paper (provided by test administrator)	Provided to All Students	No	The student may be provided blank sheet(s) of paper on which to plan or organize item responses.
Eliminate Answer Choice	Not Applicable	No	The student “crosses out” possible answer choices (for multiple choice items only).
Flag Items for Review	Not Applicable	No	The student highlights items to review later.
General Administration Directions Clarified (by test administrator)	Simplification of oral directions	No	The test administrator clarifies general administration instructions only. No part of the test may be clarified, nor may any assistance be provided to the student during testing.
General Administration Directions Read Aloud and Repeated as Needed (by test administrator)	Repetition of Directions	No	The student clicks a button to read aloud or repeat instructions. Student must be tested in a separate setting, if unable to wear headphones.

Administration Considerations for All Students

School based teams (including IEP, 504 plan or ELL teams as appropriate) may determine if any student requires any of the following **test administration considerations**, regardless of the student's status as a student with a disability or English language learner:

- Small group testing
- Frequent breaks
- Time of day
- Separate or alternate location
- Specified area or seating
- Adaptive and specialized equipment, furniture, or lighting

PARCC ACCOMMODATIONS FOR ENGLISH LEARNERS

PARCC Accommodations for English Learners

- The universal design of PARCC assessments is expected to increase access for most students through the availability of a range of accessibility features for all students.
- However, some English learners may need additional accommodations during PARCC assessment administration.
- Accommodations should be considered for English learners by a group of educators familiar with the student, using the guidance provided in *Section 45-Decision-Making Process for Selecting, Using, and Evaluating Accommodations for Students with Disabilities, English Learners, and English Learners with Disabilities* of the **PARCC Accessibility Features and Accommodations Manual**.
- (<http://osse.dc.gov/service/testing-accommodations>)

PARCC Accommodations for English Learners

Composite English Language Proficiency (ELP) Levels Linked with PARCC Definitions

- English learners with Beginning ELP
 - English learners at the beginning level have very limited proficiency in reading and writing.
- English learners with Intermediate
 - English learners at the Intermediate level typically have developed *some* literacy in English and can benefit from a wider range of written and oral accommodations.
- English learners with Advanced ELP
 - English learners at the advanced level would be expected to have a decreased need for most accommodations.

PARCC Accommodation	Most likely to benefit English learners at this ELP Level	DC CAS Accommodation	DC CAS Policy	Policy for PARCC Computer-based Assessments
Extended time	Beginning Intermediate Advanced	Extended Time	Available to all students	<p>The student uses “extended time” to complete testing. A maximum of up to one school day is allowed to complete one test session during the prescribed testing window. Students who use this accommodation must be given a quiet location in which to complete the test. Please refer to the Test Administration Manual for additional information regarding test sessions and timing since teams will need to consider if the built-in-coverage will meet the students’ needs.</p> <p>Refer to Appendix E for guidelines on administering the PARCC assessments with the extended time accommodation.</p>

The test administrator clarifies general administration instructions only. No part of the test may be clarified or translated. Students should be given ample time to process directions and ask clarifying questions. Students must be tested in a separate setting with other students needing the same accommodation to minimize distractions. Test administrators providing this accommodation should be literate and fluent in English, as well as in the student’s native language.
General Administration Directions Read Aloud and Repeated as Needed in Student’s Native Language (by test administrator)	Beginning Intermediate	Oral reading of directions Repetition of directions	ELP Levels 1-4 Limited to test directions, not test questions.	The test administrator reads aloud, and repeats as needed, test directions in students’ native language. Students should be given ample time to process directions and ask clarifying questions. Students must be tested in a separate setting with other students needing the same accommodation to minimize distractions. Test administrators providing this accommodation should be literate and fluent in English, as well as the student’s native language.

PARCC Accommodations for English Learners

When selecting accommodations for English learners, consider the student's:

1. Level of ELP on the state ELP test

- Beginning, Intermediate, or Advanced

2. Literacy development in the native language

- Native language literacy
- Interrupted schooling/literacy background

3. Background factors that impact effective accommodations use

- Grade/age
 - Affective filter (i.e., level of student anxiety/comfort with English)
 - Time in U. S. schools
- English Learners with disabilities are entitled to accommodations listed for students with disabilities **and** accommodations listed for English Learners
- (<http://osse.dc.gov/service/testing-accommodations>)

PARCC ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

PARCC Accommodations for Students with Disabilities

- Although the accessibility features available on the PARCC are based on universal design principles, many students with disabilities may need additional accommodations when taking the PARCC assessments.
- IEP or 504 team members are responsible for making decisions about which accommodations the student will need.
- Students should use the accommodations routinely during classroom instruction and locally-administered assessments, both before and after the test is administered.
- PARCC Accessibility Features and Manual:
<http://osse.dc.gov/service/testing-accommodations>.

PARCC Accommodations for Students with Disabilities

- Many DC CAS accommodations can be mapped to PARCC accommodations.
- The table below is a sample comparison of allowable PARCC accommodations and the accommodations formerly available on the DC CAS.

For students with visual impairments who are unable to take the computer-based test with a refreshable braille display, a contracted braille form will be available.
Closed-Captioning of Multimedia Passages on the ELA/Literacy Assessments	Not Applicable	Students who are deaf or hard-of-hearing view captioned text on multimedia (i.e., video) on ELA/Literacy assessments.
Text-to-Speech or Video of a Human Interpreter for the ELA/Literacy Assessments, including items, response options, and passages	Oral Reading of Test Questions Not Allowable on the ELA portion of DC CAS (Math, Science, Health, or Composition only)	<p>The accommodation is intended to provide access to printed or written texts in the PARCC ELA/Literacy assessments to a very small number of students with disabilities who would otherwise be unable to participate in the assessment because their disability severely limits or prevents them from decoding printed text.</p> <p>Note: If headphones are not used, the student must be tested in a separate setting. IEP or 504 plan teams may consider providing this accommodation to a student who has a print-related disability that severely limits or prevents his or her ability to access printed text by decoding, or who is blind and is unable to access braille to read text. This accommodation is not intended for students reading somewhat (i.e., moderately) below grade level. Guidelines are provided below for IEP and 504 Teams to identify students to receive this accommodation:</p>
ASL Video of Test Directions for a Student Who is Deaf or Hard of Hearing	Interpretation of oral directions (sign language)	The student views an embedded video of a human interpreter for test directions. If a deaf student does not use ASL, an actual human interpreter and separate test setting will be required.

Comprehensive Guidance is located in [Appendix D](#) of the PARCC Accessibility and Accommodations Manual

PARCC Accommodations for Students with Disabilities

- **Appendices A-J of the *PARCC Accessibility Features and Accommodations Manual* provide specific guidance on the following:**
 - Accessibility features and accommodations for students taking the paper-and-pencil PARCC Assessments.
 - Test Administration Protocol for the Read Aloud Accommodations for ELA/Literacy Assessments and Accessibility feature for Mathematics Assessments.
 - Protocol for the Use of the Scribe Accommodation.
 - Text-to-Speech, Human Reader, or Interpreter Accommodation Guidance for ELA/ Literacy Assessments.
 - Guidance for selecting and administering the extended time accommodation.
 - Audio and Human Reader Guidelines for the ELA/Literacy Assessments.
 - Audio and Human Reader Guidelines for the Mathematics Assessments.

Unique/Emergency Accommodations

- A small number of students may require additional accommodations either because they are not listed in the PARCC manual or they do not have an IEP or 504 plan but require an accommodation as a result of a recently-occurring accident or illness.
- OSSE will review requests for unique accommodations on an individual basis and will provide approval after determining whether the accommodation would result in a valid score for the student, using guidelines comparable across PARCC states.
- Unique and emergency accommodations request forms can be downloaded from: <http://osse.dc.gov/service/testing-accommodations>.
- Unique accommodations request must be received by the OSSE Assessment team no later than February 13, 2015.

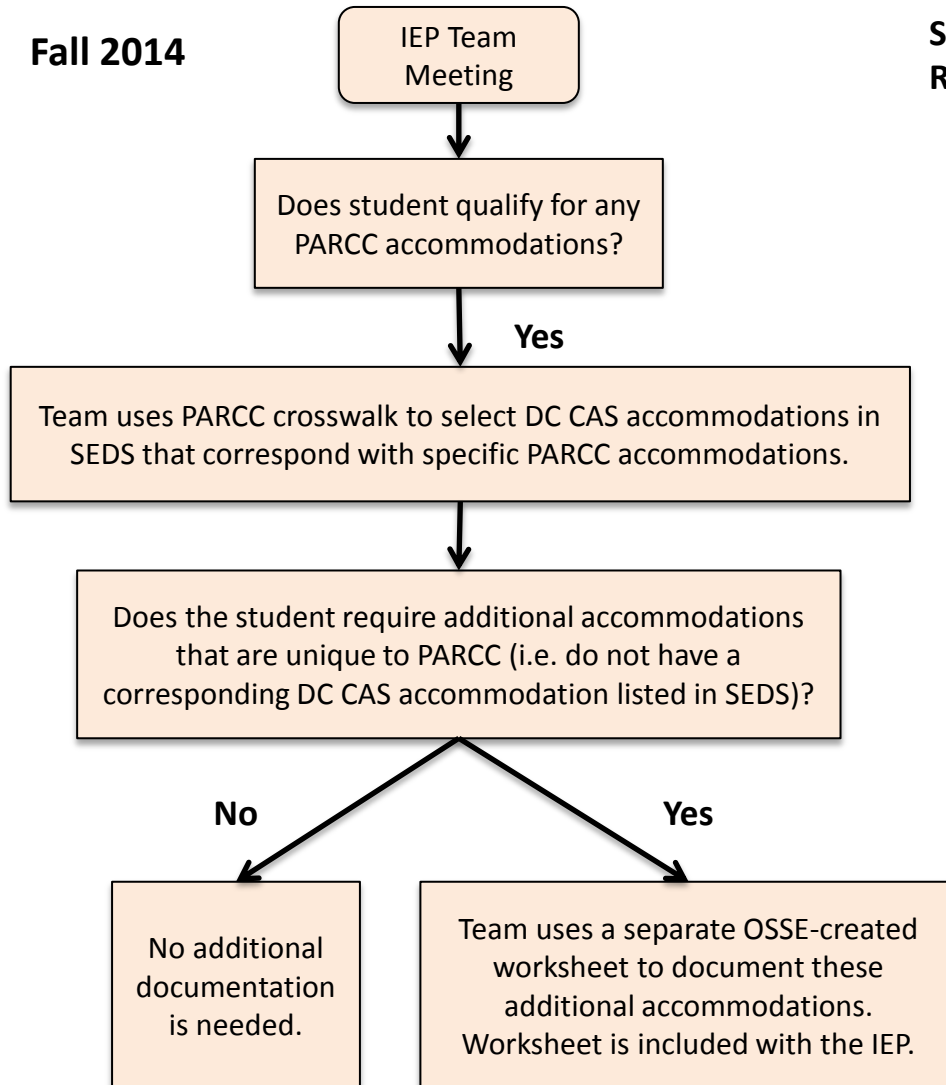

DOCUMENTATION OF PARCC ACCOMMODATIONS IN SEDS

PARCC Accommodations in SEDS

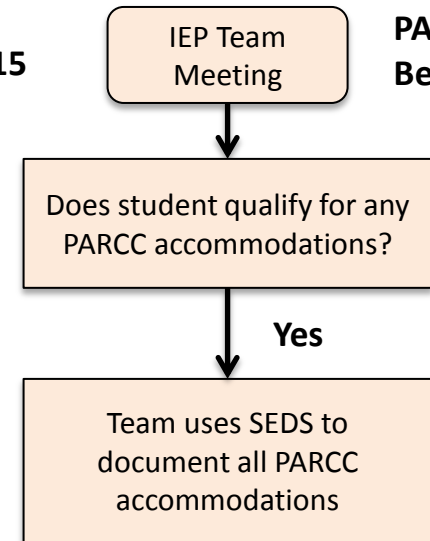

- PARCC accommodations will be built into the SEDS system as part of the SEDS mid-year release (January 2015)
- Until then, IEP teams will use crosswalks that map PARCC accommodations to preexisting DC CAS accommodations in SEDS
 - Some PARCC accommodations do not have a corresponding DC CAS equivalent and will be documented separately on an OSSE-provided worksheet
 - Example: closed-captioning of multimedia passages
 - Example: paper-and-pencil edition of the assessment

Fall 2014

SEDs Mid-Year Release Winter 2015

PARCC Testing Begins

NOTE: IEP Teams will NOT need to do an IEP amendment after the mid-year release if they have followed these steps during the annual IEP review.

PARCC Accommodations in SEDS

Three important documents will guide IEP Teams in selecting appropriate PARCC accommodations for each student:

- **PARCC Accessibility Features versus DC CAS Accommodations:** Crosswalk of PARCC accessibility features to existing DC CAS accommodations. This crosswalk is a reference guide.
- **PARCC Accommodations for Students with Disabilities:** Crosswalk of PARCC accommodations to existing DC CAS accommodations. This cross walk is a reference guide.
- **PARCC Accommodations Worksheet:** This form will be used by IEP teams to document specific accommodations unique to the PARCC assessment.
 - This form must be uploaded into a student's record in SEDS, as either part of an annual IEP review or as an IEP amendment.

All documents are located at: <http://osse.dc.gov/service/testing-accommodations>

Crosswalk of PARCC Accommodations to Existing DC CAS Accommodations

- Unlike PARCC accessibility features, PARCC accommodations must be documented on the IEP.

IEP teams should use this 9-page document as a guide to select appropriate DC CAS accommodations in SEDS that equate to specific PARCC accommodations.

A separate worksheet exists for PARCC accommodations that do not have a DC CAS equivalent. 

PARCC Accommodations for Students with Disabilities

Although the accessibility features available on the PARCC Assessments are based on universal design principles as applied to assessments, many students with disabilities may need additional accommodations when taking the PARCC assessments. For students with disabilities, IEP or 504 team members are responsible for making decisions about which accommodations the student will need, as well as which features to increase accessibility must be selected for a student's Personal Needs Profile (PNP). PARCC accommodations listed in this section are intended only for:

- Students with disabilities who have the accommodation documented in an approved IEP or 504 plan prior to the date of test administration; and
- Students who use the accommodation routinely (with rare exceptions) during classroom instruction and locally-administered assessments, both before and after the test is administered.

PARCC Accommodations in SEDS

What if a student's annual IEP review was held prior to the availability of the new PARCC Accommodations Worksheet?

- For students who will not have another annual IEP meeting before the Spring 2015 PARCC Assessment, the IEP team must consider if the currently selected DC CAS accommodations are sufficient (according to the PARCC Accommodations Crosswalk) or if the student requires additional accommodations unique to PARCC.
- If accommodations unique to PARCC are required, the IEP team must amend the IEP to include the PARCC Accommodations Worksheet.
 - This IEP amendment can be done without holding a meeting by using the documented written agreement modality.

Testing Accommodations

PARCC Accommodations and Accessibility Features

The Office of the State Superintendent of Education (OSSE) supports the use of appropriate testing accommodations for all District of Columbia's students with disabilities (SWDs) and English language learners (ELLs). The second edition of the PARCC Accessibility Features and Accommodations Manual is a comprehensive policy document that provides guidance to districts and decision-making teams to ensure that the PARCC Mid-Year, Performance-Based, and End-of-Year Assessments provide valid results for all participating students.

Four distinct groups of students may receive accommodations on PARCC assessments:

- Students with disabilities who have an Individualized Education Program (IEP);
- Students with a Section 504 plan who have a physical or mental impairment that substantially limits one or more major life activities, have a record of such an impairment, or are regarded as having such an impairment, but who do not qualify
