Overview and Purpose

- Overview of the SOAR Act Grant
- Overall Purpose of SOAR Grant Funding
- Purpose of the SOAR Academic Quality and Early Childhood Grants
As a part of a three-sector federal funding approach, the Scholarships for Opportunity and Results (SOAR) Act, Pub. L. 112-10, 125 Stat. 199, is a federal law that authorizes funding for District of Columbia public charter schools “to improve and expand quality public charter schools in the District of Columbia.” §3004(b)(2).

The SOAR Act also provides funding for District of Columbia Public Schools (DCPS) and the Opportunity Scholarship Program (OSP) for DC students to attend private schools.
SOAR Act Grant Administration

- SOAR Act funds for DC charter schools are provided to OSSE through the US Department of Education (USED) as a grant.
- Each year, OSSE’s Office of Public Charter School Financing and Support (OPCSFS) submits an application to USED describing how it will administer the funds.
- OPCSFS sought stakeholder feedback last fall prior to submitting the 2017 SOAR application on Aug. 7, 2017.
- USED approved the application and issued a Grant Award Notice (GAN) to OSSE on Dec. 15, 2017.
• The overall purpose of the charter school sector SOAR Act funds is “to improve and expand quality public charter schools in the District of Columbia.” § 3004(b)(2).

• OSSE’s overall approach is to administer SOAR Act funds to fulfill this objective through funding projects designed to:
  1. increase the achievement and academic growth of DC public charter school students;
  2. support the improvement and expansion of high-quality public charter schools; and
  3. support DC families by making it easier to take advantage of their school choice options.
This year the Academic Quality grant is being distributed as a formula grant.

Ensures that all charter LEAs have access to funds, which is important because the overall purpose of SOAR is to improve academics.

Based on stakeholder feedback, the distribution formula awards a base grant of $50,000 to each charter LEA. The remainder of the budgeted Academic Quality funds are distributed on a per-pupil basis.
Purpose of Academic Quality Grant

• This grant provides formula-based funding to support eligible charter LEAs.
• Funds must be used for projects designed to have a direct impact on student achievement, either school-wide or for specific subgroups of students.
Purpose of Early Childhood Grant

• Funds are allocated using the same formula as Elementary and Secondary Education Act Title I, Part A and are available for projects designed to assist with implementation of supplementary activities that support school readiness, including the development of literacy and mathematics skills, with emphasis on supports to students to increase academic achievement.

• All activities under this grant program should enhance the quality of preschool or pre-k programming and funds should be used to supplement and not supplant existing programs.
