About This Assessment

Santana took the Multi-State Alternate Assessment (MSAA) in English Language Arts (ELA) in Spring 2019. MSAA is designed to assess students with significant cognitive disabilities. It measures academic content that is aligned to and derived from DC's content standards. The goal of MSAA is to ensure that students with significant cognitive disabilities achieve increasingly higher academic outcomes and leave high school ready for post-secondary options.

MSAA results are one of several ways to understand Santana's performance on academic content and skills. These results should be used with Santana's Individualized Education Program (IEP) progress reports, student work, diagnostic assessments, and teacher feedback in order to provide a complete picture of Santana's progress.

If you have questions about this report, please talk to Santana's teacher or principal or contact DCPS at **(202) 442-5885**. If you have questions about the MSAA test, please contact OSSE at **(202) 719-6500**.
