

Table A. Child Development Facilities Granted a Child and Adult Care Food Program Participation Waiver or Exemption

Child development facilities listed in Table A enrolled 50 percent or more children eligible for subsidized child care for at least six continuous months as of the fourth quarter of fiscal year 2021 but are not currently participating in the program. These facilities received a CACFP Participation Waiver from OSSE or are on the USDA CACFP National Disqualification List. Facilities that are on the USDA CACFP National Disqualification List do not receive an annual waiver from OSSE but will remain on the list for a minimum of seven years, per USDA federal rule.

Table B. Child Development Facilities Required to Participate in the Child and Adult Care Food Program

Child development facilities listed in Table B enrolled 50 percent or more children eligible for subsidized child care for at least six continuous months as of the fourth quarter of fiscal year 2021 but are not currently participating in the program. There are 41 facilities listed below. Out of the 41 facilities, six facilities are currently seeking sponsorship to participate, three facilities were granted OSSE waivers, and one facility is on the USDA National Disqualification List. OSSE has attempted to contact the remaining 31 facilities about participation in the program, but they are nonresponsive or did not respond within a timely manner after two rounds of outreach from the OSSE Division of Health and Wellness Healthy Tots team. Thirty-one (31) facilities have been transferred to their OSSE Division of Early Learning (DEL) child care subsidy program specialist to support with outreach and completion of the process.
