- **Gain knowledge** about coding using one of the world's most popular programming languages
- **Prepare** eager students for future careers in the hottest tech industries
- **Bridge the gap** in computer science training for all students
- **Diversify** the STEM pipeline
- **Enjoy** a fun summer learning experience
- **Collaborate** with like-minded peers, and make connections in higher education and the tech industry

Please note: Devices will be provided during the camp. Students do not need to bring laptops or iPads with them.

SEE YOU THIS SUMMER! LET'S LEARN TO CODE!
