

STAY ON TRACK!

Now more than ever, it's important that your child receives their immunizations on time.

IMMUNIZATION ATTENDANCE POLICY: SIX STEPS TO A FULLY IMMUNIZED SCHOOL

For full details, access the Immunization Attendance Policy on the [OSSE website](#).

SPECIAL STUDENT POPULATIONS:

- **Students experiencing homelessness:** Never remove from school.
- **Military children:** Give 30 calendar days from the date of stage 5 enrollment to provide immunization certification.
- **Students with disabilities:** Not exempt from the requirements.
- **Adult and foreign-born students:** May require review from DC Health of older or foreign proof of immunization certification.
- **Transferring students:** Immunization certification is the responsibility of the enrolling school. If a student transfers to a new school, the newly enrolling school must ensure immunization certification is met.
