## Early Childhood Educator Pay Equity Fund

### *Guide for Completing Monitoring Review*

Each quarter, child development facilities participating in the Early Childhood Educator Pay Equity Fund will be monitored by the Office of the State Superintendent of Education (OSSE) for compliance with [minimum salary requirements](#) established by OSSE and other requirements of the Early Childhood Educator Pay Equity Fund Provider Agreement.<sup>1</sup> OSSE will monitor the salaries and credentials of lead and assistant teachers (as defined in DC Code §4-401, including associate home caregivers) employed by the provider at least annually through review of payroll and/or related documents and staff records that provide evidence of salaries or wages paid to eligible early educators. The salaries of expanded home caregivers and home caregivers will not be monitored.

This guide outlines the steps child care providers must take to complete the monitoring process.

### Required Monitoring Documentation

#### *Fiscal Reporting*

All child care providers participating in the Early Childhood Educator Pay Equity Fund are required to provide the following documentation for all teachers, assistant teachers and associate home caregivers employed by the provider during the period of its participation in the Early Childhood Educator Pay Equity Fund:

- Staff salaries or wages for each eligible early educator (*submitted via the Division of Early Learning Licensing Tool [DELLT]*)
- Staff offer/hire letter or contract (as applicable) for each eligible early educator, which must be signed, dated and include salary information (*uploaded in DELLT*)
- Supporting documents providing evidence of salaries or wages paid to staff (*submitted via SmartSheet*)

Child care providers with an approved waiver of the fiscal year 2024 (FY24) minimum salary requirements must also submit the following documentation (*submitted via SmartSheet*):

- A salary schedule describing the wages or salaries paid to eligible teachers or assistant teachers following the receipt of the first quarterly award. The minimum wages or salaries paid to teachers and assistant teachers must exceed those paid as of Sept. 30, 2023.
- Financial data and reports that demonstrate that quarterly awards were utilized solely for the following purposes:

---

<sup>1</sup> Providers with approved waivers will be monitored for compliance with program and waiver requirements but are not required to meet the minimum salaries established by OSSE.

- Increasing wages or compensation of eligible teachers and assistant teachers, including associated payroll taxes.
- Covering administrative costs associated with implementing the salary scales and meeting OSSE requirements related to the Early Childhood Educator Pay Equity Fund as outlined in the Provider Agreement.
- Covering costs of health and other fringe benefits for early educators and other child development facility employees.

**Non-fiscal Reporting**

All child care providers participating in the Early Childhood Educator Pay Equity Fund are required to provide data on enrollment and tuition, by age group (e.g., infant, toddler, preschool) (submitted via SmartSheet).

**Employees Who Need to Be Included in Required Documentation Submission**

Supporting documentation must be submitted for ALL early childhood educators employed in eligible staff types during the period covered by the monitoring review. Eligible staff types include:

- Teacher
- Assistant teacher
- Associate home caregiver

Providers must submit documentation for all eligible staff employed for any portion of the period covered by the monitoring review, regardless of whether they are included in the provider’s quarterly award statement(s).

Home providers and expanded home providers who are self-employed do not need to provide documentation of their own wages or salaries but do need to provide required documentation for any eligible employees (associate home caregivers).

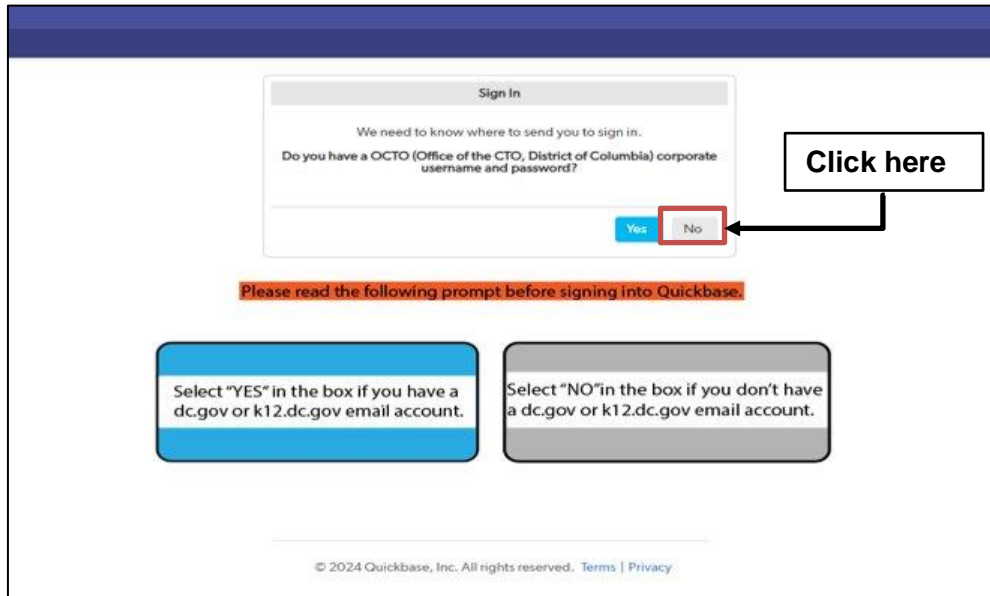

**Monitoring Timeline**

All participating providers will be monitored for each fiscal year. The monitoring timeline will vary based on the timing of a provider’s entry into the program (e.g., quarter one, quarter two, quarter three, quarter four). The earliest a provider will be monitored is the quarter following receipt of their first quarterly award. Providers will be given 30 days’ notice to complete and upload all documentation required for monitoring.
