Definition

A homeless person, as defined by the Department of Education, is an individual who "lacks fixed, regular, and adequate nighttime residence".[1] Unlike the Department of Housing and Urban Development, this definition includes individuals who are "doubled-up", meaning that they are staying with friends and family out of economic necessity. Please note that the homeless designation is cumulative for the school year, meaning that if the student was homeless for even one night of the school year, they are considered homeless for the entire school year.
