An Introduction to the Early Childhood Educator Pay Equity Fund

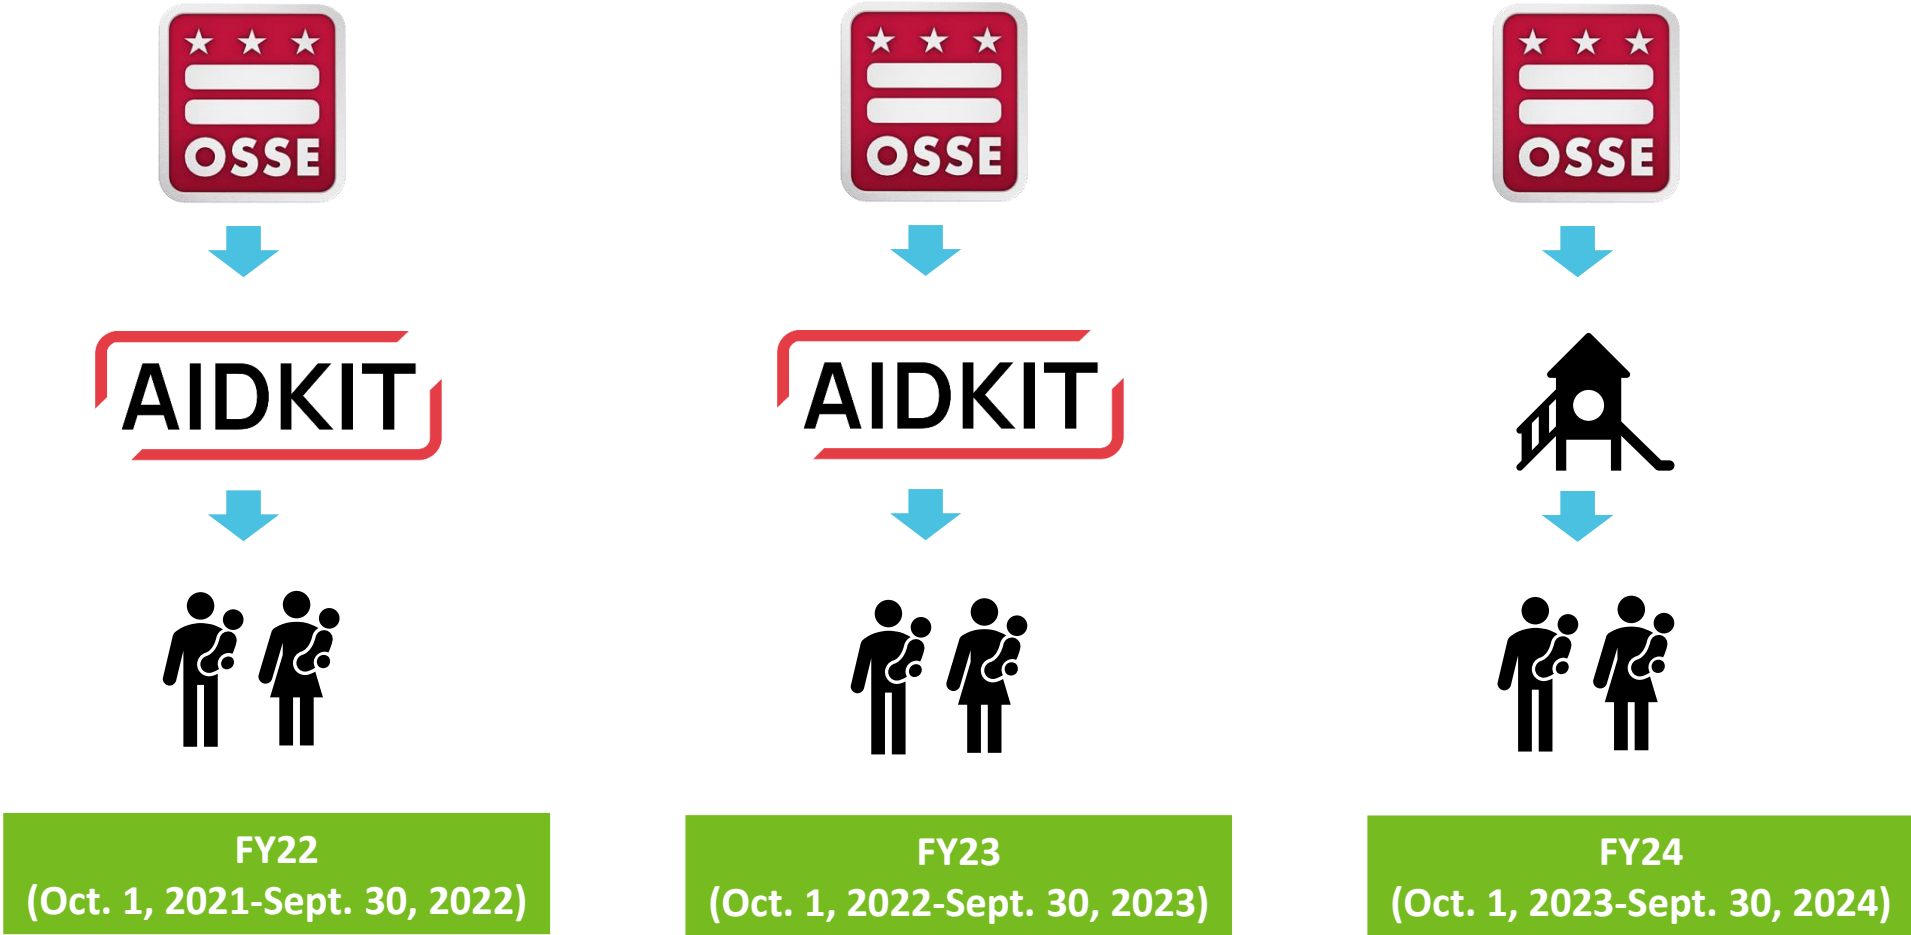

How We Got Here

- [The Early Childhood Educator Equitable Compensation Task Force Temporary Amendment Act](#) authorized OSSE to disburse pay equity funds to support pay parity for early childhood educators in accordance with the recommendations of the [Early Childhood Educator Equitable Compensation Task Force](#).
- The task force recommended that OSSE partner with an intermediary organization to distribute supplemental payments to eligible early childhood educators in FY22 and FY23 and then shift to including funds as part of early childhood educators' regular paychecks in FY24.
- OSSE selected AidKit to administer the Early Childhood Educator Pay Equity Fund.

Supplemental Payments are the Start of a Longterm Effort to Increase Early Childhood Educator Pay

1 Early Childhood Educator Pay Equity Fund Application

Welcome! Thank you for your interest in the [Early Childhood Educator Pay Equity Fund](#). The fund supports pay parity for early childhood educators working in the District following the recommendations of the [Early Childhood Educator Equitable Compensation Task Force](#). In fiscal year 2022 (FY22), the Office of the State Superintendent of Education (OSSE) worked with AidKit, a social impact company specializing in administering efficient and secure direct cash aid programs at scale, to administer the Early Childhood Educator Pay Equity Fund. In FY23, OSSE and AidKit will continue to distribute supplemental payments directly to early childhood educators. Funds will be distributed in four quarterly payments. Quarterly payments will be distributed in December 2022, March 2023, June 2023 and September 2023. Early childhood educators who meet the eligibility criteria at the time a quarterly payment is distributed will receive a payment for that quarter.

The payment amount an eligible early childhood educator may receive is based on the employee's "Staff Type" listed in the Division of Early Learning Licensing Tool (DELLT) and full- or part-time employment status, as reported in the supplemental payment application.

There are no restrictions on how recipients spend the money. Early childhood educators may decide how to use their payment to best meet their financial needs and goals. Please note, supplemental payments are subject to both state and federal taxes. AidKit will provide early childhood educators who receive funds documentation to submit in their 2022 and/or 2023 taxes. State and federal taxes will not be withheld from quarterly supplemental payments. Early childhood educators who receive a supplemental payment may wish to consult with an accountant or other tax expert, and/or to save a portion of funds received to cover potential future tax liabilities.

What Happens After I Submit My Application?

- After you submit your application, you will receive a confirmation text and/or email.
- AidKit will review your application for completeness and to verify your eligibility.
 - If AidKit is able to verify your information, we will notify you that your application has been approved for payment.
 - Applicants whose information cannot be verified in the licensing database will receive additional information on what to do next through the application process.
- In general, quarterly payments will be distributed to approved applicants after the 15th day and no later than the last day of the month in which they are distributed.
