Dear Ms. Palmer,

In July, 2016, the USDA FNS Mid-Atlantic Regional Office (MARO) conducted a Management Evaluation (ME) of DC Office of the State Superintendent of Education's (OSSE) Child and Adult Care Food Program (CACFP) administration. The ME report disclosed findings in the State agency's Program operations and prescribed corrective actions to address all areas of regulatory non-compliance.

Based on the documentation submitted by your office and reviewed by MARO, OSSE has satisfactorily completed all corrective actions; as required. As a result, the DC FY 2016 CACFP ME is considered closed and no further action is required.

Thank you for the cooperation and support you and your staff have given throughout the ME process. We look forward to our continued partnership as we work to support FNS' mission to increase food security and reduce hunger.

Sincerely,
