FY18: Weighted “Stick Rates” (averaged over FY17Q4 – FY18Q4)

	6 Months ⁶	12 Months
Active⁷ and Inactive⁸ Clients	56.60%	31.83%
Active Clients Only	60.33%	35.66%

¹ FY18 is Oct. 1, 2017 through Sept. 30, 2018.

² Oct. 20, 2014.

³ Short intakes can be completed via phone, email, referral, or walk-in. This includes all youth for whom we have completed the full intake process and those youth still undergoing the intake process.

⁴ The full intake includes an interview, which identifies barriers to enrollment and retention; a staff review of clients' past academic history; and student completion of the ECASAS assessment to determine literacy and numeracy levels.

⁵ These youth have been enrolled for the first time since completing a full intake.

⁶ The “stick rate” captures the “impact” of the ReEngagement Center on students over time, at six and 12 months and is calculated once per quarter. The calculation is averaged across quarters using a weighted average, which controls for variation in the number of youth in each quarter’s “cohort.” The six month stick rate, for example, describes the fraction of youth who, six months after enrolling for the first time since coming to the ReEngagement Center, were still enrolled or had earned a credential. Youth are included in this calculation if their 180th day since being first enrolled occurs in the quarter during which the rate is calculated. This captures the “impact” of the ReEngagement Center on students over time, at six and 12 months. This calculation, referred to as the “stick rate,” is calculated once per quarter. The calculation is averaged across quarters using a weighted average, which controls for variation in the number of youth in each “cohort.”

⁷ “Active clients” are those clients who have a successful check in with their assigned ReEngagement Center Specialist at least once per month.

⁸ “Inactive clients” are those clients who: have invalid contact information, have refused services, have not made successful contact with their assigned ReEngagement Center Specialist in 90 days, have moved out of state, are incarcerated, deceased, or have earned a secondary credential.

¹⁴ On May 17 and 18, 2018, ReEngagement Center staff conducted intakes for 25 students who were in the process of enrolling at Goodwill Excel Center. On September 11 and 12, staff conducted intakes with six clients who were in the process of enrolling in Goodwill but did not have valid residency documents. On September 26, 2018, staff conducted another nine intakes at Goodwill Excel Center. This “pilot” is focused on remediating barriers for students who need additional support in order to complete enrollment and begin attending school at Goodwill Excel Center PCS.

¹⁵ Between July 20, 2018 and September 20, 2018, staff conducted ten intakes at the Office of Neighborhood and Safety Engagement. Nine of these clients were educationally placed at the Office of Neighborhood and Safety Engagement’s GED program.

The following table represents the median length of time (number of days) between full intake and enrollment:
