**REQUEST FOR APPLICATIONS (RFA) # GDO-SAF-24**

**Section 1: General Information**

**1.1 Introduction**

**Overview of the SOAR Act**

As a part of a three-sector federal funding approach, the Scholarships for Opportunity and Results (SOAR) Act, Pub. L. 112-10, 125 Stat. 199 (as amended), is a federal law that authorizes funding for District of Columbia (DC) public charter schools or District of Columbia-based nonprofit organizations “to improve and expand quality public charter schools in the District of Columbia.” § 3004(b)(2). SOAR Act funds for District of Columbia (DC) charter schools are provided to OSSE through the US Department of Education (USED) as a grant. The SOAR Act also provides funding for District of Columbia Public Schools (DCPS) and the Opportunity Scholarship Program (OSP) for DC students to attend private schools.

**1.2 Purpose of Funds**

Through this RFA, the Office of Public Charter School Financing and Support (OPCSFS) is soliciting proposals from eligible DC public charter schools for the following grant program:

- **Facilities Grants**
  - The purpose of this funding program is to provide high-quality public charter schools with funds to renovate facilities occupied by public charter schools.
  - Proposed projects must 1) increase the total number of seats available at a high-quality charter school, and/or 2) increase the quality of existing seats at a high-quality charter school.

**1.3 Source of Funding**

USED, through the District of Columbia School Choice Incentive Program, CFDA/ALN: 84.370C, Public Law 108-199, III, District of Columbia School Incentive Act of 2003; Scholarships for Opportunity and Results Act, effective April 15, 2011 (Pub. L. 112-10; 125 Stat. 201), as amended.

**1.4 Requirements of Funding**

In addition to the requirements of this RFA, the assurances made in the submitted application, and the terms of the Grant Award Notice (GAN) issued by OSSE to the subgrantee, a key condition for receiving these funds is compliance with activities necessary to carry out a mandated evaluation of the OSP, as specified in Section 3011(a)(1) of the SOAR Act. Pursuant to this section, USED’s Institute of Education Sciences (IES) is required to evaluate annually the performance of students who applied to the OSP (Sec. 3009). Because some OSP applicants will

be enrolled in public charter schools, it will be necessary for IES and its evaluation contractor to collect data on and from public charter school campuses once each school year during the applicable grant period. Please be advised that noncompliance of the charter school with the terms and conditions stated in the SOAR Act GAN may result in the withholding of SOAR Act funds administered by OSSE. All awardees must also comply with the Davis-Bacon and Related Acts (40 U.S.C. 3141 *et seq.*), as applicable.

### **1.5 Funds Available and Funding Period**

At least \$3,500,000 is available for awards through this RFA. OSSE will provide up to \$750,000 per award. Awards are limited to one per charter local educational agency (LEA). The total award period for this grant is two years. The initial award period begins on the date of the award and ends on Sept. 30, 2024. Applicants will be required to complete a continuation application in the second year. The awarded entity will need to complete a continuation application within OSSE's EGMS each fiscal year. Continuation of awards in the second year is contingent upon:

- Availability of funds;
- Recipient's implementation and/or operation of the program as submitted in the application;
- Recipient's demonstration that substantial progress has been made toward meeting the objectives set forth in the approved application, based on ongoing monitoring and review of the recipient's reports;
- Compliance with District and federal laws, regulations and guidance; and
- Appropriate expenditure of funds throughout each grant award period.

### **1.6 Eligibility**

An eligible applicant meets all the following criteria:

- Must be a DC public charter school
- May not use funds under this program for a facility project at a school that has been designated in 2022 by OSSE for any of the school improvement categories\*:
  - Comprehensive Support and Improvement (CSI)
  - Comprehensive Support and Improvement: Low Graduation Rate (CSI-Grad)
  - Comprehensive Support and Improvement: Student Group (CSI-SG)
  - Targeted Support and Improvement (TSI)
  - Additional Targeted Support and Improvement (ATSI)
- Must own the facility being supported by the proposed project, or have a lease of at least 50 years

- Awarded applicants will be required to provide site control evidence of the facility within 180 days of award. Funds may only be used for the site described in the original application. If site control evidence is not provided, the grant award will be terminated in full, and the LEA must return any expended funds. Site control evidence may include executed lease agreements, purchase agreements, building permits, and mortgage deeds of trust.

\*For a complete list of schools under each designation in 2022, please visit:

### **1.7 Permissible Use of Funds**

The funds associated with this RFA are available strictly on a reimbursement basis and may only be used for allowable grant project expenditures during the grant period as follows:

- All costs must:
  - Meet requirements of permissible use of federal funds within EDGAR 34 CFR Part 75, 2 CFR Part 200 as adopted in 2 CFR Part 3474, 2 CFR Part 180 as adopted in 2 CFR 3485;
  - Align with and support the project described in the charter LEA’s application; and
  - Support construction, and/or minor remodeling, which may include:
    - Preparation of drawings and specifications for school facilities;
    - Erecting, building, altering, remodeling, repairing, or extending school facilities;
    - Inspecting and supervising the construction of school facilities;
    - Minor remodeling (e.g., knocking down/erecting a wall, re-wiring of outlets, extending utility lines); and
    - Adding trailers, modular units or portable structures.

All grant project budgets will be reviewed by a review panel, as well as OSSE staff, to ensure that planned expenditures are allowable and are appropriate, reasonable and necessary to support the grant objectives.

## **Section 4: Scoring**

### **4.1 Review Panel**

The grants described in this RFA will be awarded competitively. A panel or panels of external reviewers will be convened to review, score and rank each application. The review panel(s) will be composed of neutral, qualified, professional individuals selected for their expertise,

knowledge and/or related experiences. All external reviewers must sign a Conflict of Interest statement. The application will be scored against a rubric. The complete rubric can be found in EGMS for review. OSSE may convene any panel to conduct a facilitated discussion of the reviewers' scores and comments of a particular application. A facilitated discussion provides an opportunity for reviewers to hear other panel members' reasoning for their scores and comments. A reviewer is not required to change their scores or comments after a facilitated discussion.

Upon completion of the panel review(s), the panel(s) shall make recommendations for awards based on the scoring rubric(s). The State Superintendent of Education, or their designee will consider those recommendations, but all final award decisions are left to the superintendent's, or his/her/their designee's discretion. Winning applicants may be required to make amendments to the budget or other application sections to meet grant requirements. A denied applicant may file an appeal of OSSE's award determination within 30 days of receipt of award denial notification on the grounds that OSSE violated a District or federal statute or regulation. Denied applicants may contact OSSE's program contact for information on the appeal process.

#### **4.2 Funding Priority**

Funding priority may be given to LEAs that have never received a SOAR-funded competitive facilities grant. OSSE may elect to fund priority projects at a higher level than non-priority projects. If there are more quality applications than available funds, OSSE may elect to fund priority projects instead of one or more nonpriority projects that received a higher score.

### **Section 5: Award Administration**

#### **5.1 Decision and Notifications of Awards**

In order to be awarded a grant, organizations must establish eligibility by submitting an application to OSSE in accordance with the relevant program statute(s) and this RFA. Each awarded applicant will receive a GAN generated through OSSE's EGMS that will include the award amount, award agreement, terms and conditions of the award and any supplemental information required. Once OSSE has fully approved the application and issued an official GAN, grantees may receive payment for allowable expenditures for which obligation was made during the grant period. OSSE has implemented a reimbursement process for all grantees. Grant award payments are reimbursable on a monthly (and no later than quarterly) basis. Program costs must be paid by the grantee to the payee prior to requesting reimbursement; it

is not sufficient for costs merely to be incurred. Compliance with programmatic and fiscal implementation and reporting will be considered in paying reimbursement requests. To receive reimbursement for grant program expenditures, OSSE grantees must complete and submit a reimbursement request electronically using EGMS.

## **5.2 Audits**

At any time, or times, before final payment and during the required record retention period, the District and/or the federal government may audit the applicant's expenditure statements and source documentation.

## **5.3 Monitoring and Reporting**

All awards will be reviewed during the grant period for compliance with programmatic and fiscal requirements. OSSE's Division of Systems and Supports, K-12 uses a coordinated, risk-based monitoring approach. The type of monitoring that the subgrantee will receive (desktop or on-site) will vary depending on its designation as a high, medium, or low risk subgrantee. Please review the annual grants monitoring guidance for more information: [osse.dc.gov/publication/risk-based-monitoring-tools-and-resources](https://osse.dc.gov/publication/risk-based-monitoring-tools-and-resources).

Monitoring efforts are designed to determine the recipient's level of compliance with federal and/or District requirements and identify specifically whether the grantee's operational, financial and management systems and practices are adequate to account for program funds in accordance with federal and/or District requirements. Failure to maintain compliance with such requirements may result in payment suspension, disallowance of costs or termination of the grant.

The recipient shall be required to cooperate with all requirements and information requests by OSSE relating to evaluation of the program and the collection of data, information and reporting on outcomes regarding the program and activities carried out with grant funds. The recipient shall be required to reply and acknowledge OSSE's information requests within 48 hours and to provide requested information within 10 business days.

## **5.4 Confidentiality**

Except as otherwise provided by local or federal law, no recipient of the grant shall use or reveal any research, statistical information, or personally identifiable information (PII) furnished by OSSE for any person or for any purpose other than that for which such information was obtained in accordance with the OSSE program funded. Any PII and any copy of such information shall be immune from legal process and shall not, without the written consent of the person identified in the information, be admitted as evidence or used for any purpose in any action, suit, or judicial, legislative, or administrative proceeding. The grantee will protect

any PII received in administering the grant and follow all applicable laws regarding the protection and use of the PII. Before disclosing PII to any other party, the grantee must first receive approval from OSSE.

### **5.5 Nondiscrimination in the Delivery of Services**

The recipient shall comply with the District of Columbia Human Rights Act of 1977, as amended, (DC Official Code § 2-1401.01 *et seq.*) which prohibits discrimination based on race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, familial status, family responsibilities, matriculation, political affiliation, genetic information, source of income, disability, sealed eviction record status as a victim of an intra-family offense, place of residence or business, status as a victim or family member of a victim of domestic violence, a sexual offense, or stalking and homeless status.

### **5.6 Conflict of Interest**

All grant recipients shall ensure that no individual in a decision-making capacity will engage in any activity, including participation in the selection of a vendor, the administration of an award, or an activity supported by award funds, if a conflict of interest or the appearance of a conflict of interest would be involved. A conflict of interest would arise when the individual, any member of the individual's immediate family, the individual's partner, or an organization that employs, or is about to employ, any of the aforementioned has a financial or personal interest in the firm or organization selected for a contract.

### **5.7 Vaccination Requirements**

The grant recipient must comply with all District laws and regulations and Mayor's Orders regarding District COVID vaccination requirements.

### **5.8 Terms and Conditions**

- Funding for this award is contingent on available funds. The RFA does not commit OSSE to make an award.
- OSSE reserves the right to accept or deny any or all applications if OSSE determines it is in the best interest of OSSE to do so. OSSE shall notify the applicant if it rejects that applicant's proposal. OSSE may suspend or terminate an outstanding RFA pursuant to its own grant making rule(s) or any applicable federal or local regulation or requirement.
- OSSE reserves the right to issue addenda and/or amendments subsequent to the issuance of the RFA, or to rescind the RFA.

- OSSE shall not be liable for any costs incurred in the preparation of applications in response to the RFA. Applicant agrees that all costs incurred in developing the application are the applicant's sole responsibility.
- OSSE may conduct pre-award on-site visits to verify information submitted in the application and to determine if the applicant's facilities are appropriate for the services intended.
- OSSE may enter negotiations with an applicant and adopt a firm funding amount or other revision of the applicant's proposal that may result from negotiations.
- OSSE shall provide the citations to the statute and implementing regulations that authorize the grant or sub grant; all applicable federal and District regulations; payment provisions identifying how the grantee will be paid for performing under the award; reporting requirements, including programmatic, financial and any special reports required by OSSE; and compliance conditions that must be met by the grantee.
- If there are any conflicts between the terms and conditions of the RFA and any applicable federal or local law or regulation, or any ambiguity related thereto, then the provisions of the applicable law or regulation shall control, and it shall be the responsibility of the applicant to ensure compliance.
