DISTRICT OF COLUMBIA
MURIEL BOWSER, MAYOR

School Improvement Plan Template

To be completed for each Comprehensive Support and Improvement (CSI) and Comprehensive Support and Improvement: Low Graduation Rate (CSI-Grad) School designated in the 2022-23 school year. The template may also be used to develop school improvement plans for Targeted Support and Improvement (TSI) and Additional Targeted Support and Improvement (ATSI) schools. Local education agencies (LEAs) with TSI and ATSI schools have the discretion to either use the OSSE's provided template or a plan format of their choosing.

Background

The Office of the State Superintendent of Education (OSSE) understands that school turnaround and improvement plans must be designed with consideration of each school's unique context. The process of completing a needs assessment, including an analysis of the equitable distribution of resources, the development of goals aligned to identified needs and the creation of a plan to address those needs provides an opportunity for designated schools to work with stakeholders toward a vision to ensure all students have an opportunity to succeed.

Local education agencies (LEAs) with Comprehensive Support and Improvement (CSI) schools are eligible for *Investment in Schools* (1003) grant funding. The *Investment in Schools* grant provides an opportunity for each of the District of Columbia's lowest performing schools to work with their communities to urgently improve educational outcomes for students. Every CSI school must conduct a needs assessment and develop a school improvement plan. LEAs with at least one school designated for comprehensive support and more than one school overall in the LEA must also complete a Resource Equity Analysis. (Note: Single-site LEAs do not have to perform the Resource Equity Analysis).

LEAs with schools designated in the 2020-23 school year as Comprehensive Support and Improvement: Low Graduation Rate (CSI-Grad) are not eligible for grant funding but are required to complete a needs assessment, school improvement plan and resource equity analysis (if applicable).

LEAs with Targeted Support and Improvement (TSI) and Additional Targeted Support and Improvement (ATSI) schools may use this template to assist their schools in developing a school improvement plan,

but use of this template is not required by OSSE. LEAs with schools designated as TSI and/or ATSI are required to share with OSSE their school improvement plan(s) regardless of the template chosen.

School Improvement Plan Template Overview

Framework

To provide guidance and flexibility, OSSE is naming three critical categories - **People, Instruction** and **Structures** - that school improvement plans (SIPs) will address. SIPs will explain how evidence-based strategies and interventions (*see more detail below*) in each of these areas will be put in place to make the changes needed for each school's individual context. Each SIP must start by describing overall vision and goals for the school; explaining specific strategies related to people, instruction and structures; incorporating how the school will determine whether the plan is generating its intended outcomes; and describing a process for continuous stakeholder involvement, which will include public engagement and reporting.

Scope

For newly designated schools in 2022, the SIP will span the 2022-23 and 2023-24 school years. The schools designated in 2018 developed a three-year plan. Given that 2022 designations do not include growth data, a central part of the DC Every Student Succeeds Act (ESSA) State Plan, schools will be identified again in 2024 with full accountability system metrics, after only two years. For schools designated in 2022, the data from the 2021-22 school year should be used for the baseline, and the targets and metrics related to the plan goals should be set at the end of the 2022-23 school year and the 2023-24 school year.

Transparency

SIPs should be available to the LEA, parents and the public, and the information contained in the plan must be in an understandable and uniform format, and to the extent practicable and/or required by DC law, provided in a language that the parents can understand.¹ Documents submitted to OSSE may be made available to the public via request and/or the OSSE website.

Evidence-based Interventions

In each category of the School Improvement Plan Template, schools must identify evidence-based interventions in the strategy for achieving its vision. Evidence-based interventions are practices, activities or interventions that have **evidence** to show that they are effective at producing results and improving outcomes when implemented. The kind of evidence described in ESSA has generally been produced through formal studies and research. Under ESSA, there are four tiers, or levels, of evidence:

¹ See <https://ohr.dc.gov/sites/default/files/dc/sites/ohr/publication/attachments/FINAL%20REGULATIONS%20-%20October%202014.pdf>.

Tier 1 – Strong Evidence	Supported by one or more well-designed and well-implemented randomized control experimental studies.
Tier 2 – Moderate Evidence	Supported by one or more well-designed and well-implemented quasi-experimental studies.
Tier 3 – Promising Evidence	Supported by one or more well-designed and well-implemented correlational studies (with statistical controls for selection bias).
Tier 4 – Demonstrates a Rationale	Practices that have a well-defined logic model or theory of action, are supported by research and have some effort underway by a state education agency (SEA), LEA, or outside research organization to determine their effectiveness.

CSI plan strategies are required to have demonstrated strong, moderate, or promising evidence (Tiers 1–3) to support them. All other programs under Titles I–IV may use Tiers 1–4.

[Schools Implementing a Schoolwide Program](#)

To reduce burden and avoid duplicative efforts, schools implementing a schoolwide program model under Title I, Part A may use this template to meet the requirement to develop and implement a schoolwide program plan. The schoolwide plan must include a description of how the strategies the school will be implementing will provide opportunities and address the learning needs of all students in the school, particularly the needs of the lowest-achieving students. (ESEA section 1114(b)(7)(A)(i), (iii)) The plan must also contain descriptions of how the methods and instructional strategies that the school intends to use will strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, including programs and activities necessary to provide a well-rounded education. (ESEA section 1114(b)(7)(A)(ii))

[Submission Instructions](#)

CSI Schools

LEAs with newly designated or re-designated CSI schools must upload a completed School Improvement Plan Template for each school into the School Improvement folder in [Box.com](#) by May 31, 2023. After the plan is approved by OSSE, the LEA must upload the approved plan for each school into the Enterprise Grants Management System (EGMS) with their application by May 31, 2023.

CSI-Grad Schools

LEAs with CSI-Grad schools must upload a completed School Improvement Plan Template for each school into the School Improvement folder in [Box.com](#) by May 31, 2023.

TSI and ATSI Schools

LEAs with TSI and/or ATSI schools must upload a copy of their approved school improvement plan (in any format) into the School Improvement folder in [Box.com](https://www.box.com) by May 31, 2023. The plan must have been approved by the LEA prior to sharing with OSSE.

School Plan Template

Overall Vision & Goals

In a narrative, explain the coherent aligned vision for your school, how you determined it and how you will know if you are moving toward that vision.

The narrative must include:

1. How this vision was informed by the process of completing a needs assessment including review of the resource equity analysis, if applicable.
2. How stakeholders were involved in determining this overall approach. Stakeholders should include at minimum, the LEA; principals; other school leaders, including Title I administrator, teachers and paraprofessionals; parents and members of the community; and as appropriate, specialized instructional support personnel, technical assistance providers, school staff, other individuals determined by the school and students.
3. If applicable, a description of how the SIP is coordinated with the school's Title I-A schoolwide program and the program's plans for other federal funds or local funds.

You will provide additional detail in the sections that follow on how this overall vision is connected to your approaches to People, Instruction and Structures. We expect that many strategies will be cross-cutting and not isolated to one of these categories to achieve the improvement goals.

State the Goals

Identify specific, measurable, achievable, relevant and time-bound (S.M.A.R.T.) goals of the SIP to achieve the vision described above. SIP goals must focus on student outcomes, not on adult actions. These should include annual targets tied to specific accountability framework metrics as well as other leading indicators (inputs and/or outputs).

In the table below, list your school's goals and the metrics:

Goal 1:					
Measure:	Indicator(s)	Data Source	Baseline SY21-22	Target SY22-23	Target SY23-24
	1.				
	2.				
Goal 2:					
Measure:	Indicator(s)	Data Source	Baseline SY21-22	Target SY22-23	Target SY23-24
	1.				
	2.				
Goal 3:					
Measure:	Indicator(s)	Data Source	Baseline SY21-22	Target SY22-23	Target SY23-24
	1.				
	2.				
Goal 4:					
Measure:	Indicator(s)	Data Source	Baseline SY21-22	Target SY22-23	Target SY23-24
	1.				
	2.				

Critical Categories

Note: OSSE funding and resources are designed to focus on the most effective interventions, thus the School Improvement Plan Template focuses on strategies and supports related to People, Instruction and Structures.

People

When schools are producing student outcomes that indicate low performance, adults in the building also need supports and interventions to institute change. Through attention to this area, schools will identify the strategies to raise the performance of educators that will be used to address gaps and meet the plan's goals.

In a narrative, explain: What is the school’s theory of action around people? What changes do you plan for your approach to talent building – for leadership and educators – to achieve the vision outlined above, and how are they informed by your analysis of qualitative and quantitative evidence in your Needs Assessment and Resource Equity Analysis, if applicable?

The narrative must include how your school is:

- Planning to ensure it will have effective leadership over the next three years, including the principal and any other key leadership roles and how it is building a pipeline of strong leadership
- Ensuring retention of effective educators
- Developing and helping educators who need support to improve
- Selecting strong, moderate, or promising [evidence-based](#) strategies for educators
- Determining strategies based on the conclusions of the needs assessment and resource equity analysis (If applicable)

The narrative may include how your school is:

- Identifying and creating key positions to support school improvement and academic achievement

Instruction

We must ensure that all our students are prepared for success in college and careers. By investing in resources aligned to school needs, building educator capacity and using evidence-based instructional strategies, we believe schools can meet this imperative.

In a narrative, explain: What is the school's theory of action around ensuring that adults are effective instructional leaders and students are receiving and demonstrating evidence of high-quality instruction? What strategies and interventions do you plan to implement and how they are related to your school's identified needs?

The narrative must include how your school is:

- Identifying capacity to ensure instructional approaches can be implemented timely and effectively
- Planning for the instructional approach to be scaled across the school for maximum impact and sustained over time
- Selecting strong, moderate, or promising [evidence-based](#) strategies
- Determining strategies based on conclusions of the needs assessment and resource equity analysis, if applicable

Structures

Improving our lowest performing schools requires dramatic change. By investing in bold commitments to empower decision-making, structural configuration and management, we believe schools can accelerate improvement.

In a narrative, explain: What is the school's theory of action around structures and how will it reinforce and facilitate the work you are doing around People and Instruction? What supports and interventions do you plan to implement and how are they related to your school's identified needs?

The narrative must include how your school is:

- Selecting strong, moderate, or promising [evidence-based](#) strategies
- Determining strategies based on themes from the needs assessment and resource equity analysis, if applicable, to meet projected short- and long-term goals

Continuous Improvement

In a narrative, explain the routines for how the school will determine whether the SIP is having its intended outcomes, including self-monitoring and continuous stakeholder engagement.

The narrative must include how your school is:

- Establishing or continuing internal routines
- Establishing or continuing routines with stakeholders
- Making the SIP available to the LEA, parents and the public in a form that is understandable and uniform, to the extent practicable and/or required by DC law, provided in a language that the parents can understand
- Conducting an annual process of reviewing, sharing progress publicly, and as necessary, revising its SIP
- Structuring for sustainability, including how the school will coordinate and integrate the activities outlined in this plan with other federal, state and local services, resources and programs (e.g., other federal grant programs, health and nutrition programs, culture/climate programs, career and technical education programs)
