

What's New on the DC School Report Card?

The DC School Report Card gives families a look into all public schools in the District. Built in partnership with families, this tool is a step towards a more transparent, equitable DC education system, with students at the center of critical decision-making. We hope the DC School Report Card is being used to inform parents, shape better policy, and propel school improvement

More than 62,000 different people used the DC School Report Card in its first year. The Office of the State Superintendent of Education (OSSE) listened to feedback and we made a number of updates and improvements for year two.

NEW IN 2019

Discussion guides for families to use in their conversations with their schools

Restorative Justice and School Garden available as program offerings

Improved display and language to explain metrics

College enrollment metrics

Trend data (comparing this year's performance to last year's performance)

DC Science results
(available in December 2019)

New display to show how the STAR Framework ratings are calculated

School Finance data
(available in Spring 2020)

Please check out the DC School Report Card, updated in November 2019! If you have any questions, please email dcschoolreportcard@dc.gov
