Public Charter School

RE: State Complaint No. 017-008 Letter of Decision

LETTER OF DECISION

PROCEDURAL BACKGROUND
On the State Complaint Office of the Office (SCO) of the State Superintendent
of Education (OSSE), Division Systems and Supports, K-12 received a State complaint from
(complainant or parent) against Public Charter School
alleging violations in the special education program of (Student ID
), hereinafter "student" or "child."
The complainant alleged that violated certain provisions of the Individuals with
Disabilities Education Act (IDEA), 20 U.S.C. §1400 et seq. and regulations promulgated at 34 CFR
Part 300, specifically, failure to reevaluate the student upon request, revise the student's IEP,
address the student's behavior concerns, and follow the discipline requirements.
The SCO for OSSE has completed its investigation of the State complaint. During the course of
the investigation OSSE determined that complied with its obligation to consider the
use of positive behavioral interventions and supports but did not comply with its obligation to
revise the student's IEP and follow all of the disciplinary requirements, and did not comply with
its obligation to ensure the availability of a continuum of placements and the opportunity to be
educated with the student's nondisabled peers. OSSE declines to make a finding with regard to
whether complied with its obligation to reevaluate the student. This Letter of
Decision is the report of the final results of OSSE's investigation.
COMPLAINT ISSUES
The allegations raised in the complaint further clarified by a review of documents and

The allegations raised in the complaint, further clarified by a review of documents and interviews revealed in the course of the investigation, raised the following issues under the jurisdiction of the OSSE SCO:

- 1. Reevaluation requirements at 34 CFR §300.303(a)(1) and (2)
 - a. Failure to ensure that a reevaluation is conducted if it is determined that the educational or related services needs of the child warranted a reevaluation, or if the child's parent requests a reevaluation.
- 2. Requirement to address behavior concerns at 34 CFR §300.324(a)(2)(i)
 - a. Failure to consider the use of positive behavioral interventions and supports and other strategies in the case of a child whose behavior impedes the child's learning or that of others.
- 3. Requirement to revise the IEP at 34 CFR §300.324(b)(1)(ii)
 - a. Failure to review and revise the child's IEP to address lack of expected progress toward annual goals, the child's anticipated needs, or other matters.
- 4. Discipline requirements at 34 CFR §§300.530 300.532
 - a. Failure to provide educational services after a removal of more than 10 days and, as appropriate conduct a functional behavioral assessment and provide behavioral intervention, as required by 34 CFR §300.530(d)(1)(i) and (ii).
 - b. Failure to follow the proper disciplinary procedures with regard to notice of removal constituting a change in placement of a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, as required by 34 CFR §300.530(g) and (h).
 - c. Failure to ensure the student's IEP team determined an interim alternative educational setting for services, as required by 34 CFR §300.531.
 - d. Failure to follow the proper disciplinary procedures for the LEA to request a hearing to determine if the student should be returned to the placement from which the child was removed, as required by 34 CFR §300.532(a).

INVESTIGATIVE PROCEDURE

Campalainant

The investigation included interviews with the following individuals:

2.	
The investigation also included review of by the complainant, submitted by	the following documents which were either submitted, or accessible via the Special Education Data
System (SEDS):	

- N	
8

2	5.
A COMMON TO SERVICE SE	RAL FINDINGS OF FACT
1.	The student is a child with a disability as defined by 34 CFR §300.8. The student's disability category is other health impairment for attention deficit
2.	hyperactivity disorder.
2	The student's local educational agency (LEA) was during the time period
٥.	under investigation.
	ander investigation.
ISSUE	ONE: REEVALUATION
Findi	ngs of Fact
1.	. The parent reported that requested an FBA be completed at a meeting with the
	school principal on
2.	At an IEP team meeting held on at the request of the parent, the team
	agreed that a reevaluation was needed to determine if the student's disability
	classification was accurately identified.
	a. The team agreed that a psycho-educational evaluation would be completed and
	an FBA would be completed once the student returned to school from
	placement in an interim alternative educational setting (IAES).
3.	
4.	completed the psycho-educational evaluation on

 $^{^1}$ Class Dojo is a point-based behavior tracking system used by classroom staff who input real-time information on positive and negative behaviors exhibited by students in the classroom.

Discussion/Conclusion

OSSE declines to make a finding with regard to 34 CFR §300.303(a)(1) and (2), because the student unenrolled from the LEA prior to completion of the reevaluation.

Pursuant to 34 CFR §300.303(a)(2), a public agency must ensure that a reevaluation is conducted if the child's parent requests a reevaluation. In any event, reevaluation must occur at least once every three years, unless the parent and the public agency agree that a reevaluation is unnecessary. (34 CFR §300.303(b)(2)) The complainant alleges that failed to conduct an FBA as requested.

The parent reported that	requested that an FBA be	completed at a meeting with the schoo
principal on	. The school did not be	gin the FBA after this meeting. At an IEP
meeting held on	, the team agreed tha	t a reevaluation was needed. The team
agreed that a psycho-educa	tional evaluation would be o	completed and an FBA would be
completed once the studen	t returned to school from	current placement in an IAES. The
school began the psycho-ed	ducational evaluation, but did	not complete it or begin the FBA
before the student unenrol	led from the LEA on	. The LEA completed the
psycho-educational evaluat	ion on an	d provided it to the parent for use at
the student's new LEA.	*	

There is no allegation that the LEA failed to reevaluate the child within the three year timeline. Although the school did not initiate the FBA upon the parent's first request, OSSE finds that the LEA moved forward with the reevaluation process, including beginning a psycho-educational evaluation and planning to complete a planned FBA. However, the student unenrolled from the LEA before the LEA could complete all evaluations agreed upon by the IEP team and hold the reevaluation meeting. The delay to initiate the FBA will be addressed under Issues Two and Three below.

Therefore, OSSE declines to make a finding with regard to 34 CFR §300.303(a)(1) and (2).

ISSUES TWO AND THREE: POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS AND IEP REVISION

Findings of Fact

- The BIP targeted the following behaviors: inappropriate social interaction with peers, inappropriate responses to redirections and consequences, and deviant behavior such as lying and stealing.
 - a. The BIP addresses these behaviors by identifying the need to teach appropriate replacement behaviors through anger management, de-escalation techniques, feeling identification, decision-making lessons, social skills training, and stress management.
 - b. The BIP incorporates the following accommodations: clear directions, frequent reminders/prompts, proximity to teacher/staff, review rules and expectations, avoid strong criticism and reprimand the student in private, provide cooling off period, preferential seating, avoid physical contact, provide highly structured and predictable setting and routine.

- c. The BIP contains the following positive consequences for appropriate behavior: verbal praise, earned privileges, tangible rewards, computer time, positive call or note home, positive visit to office, immediate feedback, additions to the positive behavior intervention support paycheck tool ("paycheck"), and free time.
- d. The BIP contains the following negative consequences for inappropriate behavior: deductions from paycheck, phone call home, send to office, loss of privileges such as recess, letter of apology to teacher or peer, in-school suspension, and out of school suspension.
- 2. The second less less less learning and that of others due to off-task and noncompliant behaviors, seeking negative attention from peers, and avoidance of undesirable or difficult tasks.
 - a. The IEP states that the student receives support through a behavior tracking system, the school-wide behavior management system, check-ins with adults throughout the day, earned rewards, and support from a social worker.
 - b. The IEP contains the following goals under the emotional, social, and behavioral development area of concern:
 - i. "[Student] will control impulsive behavior by utilizing techniques that can help control and regulate impulsive behavior 80% of the time in at least 3 settings throughout the day."
 - ii. "[Student] will increase social skill development by learning more prosocial ways to engage with others, particularly through role play. will demonstrate prosocial behaviors in 3 of 4 opportunities across at least 2 environments during a school day."
 - iii. "[Student] will seek positive attention from others, particularly from adults, using appropriate strategies 80% of the time in 4 of 5 observations."
 - iv. "[Student] will appropriately regulate difficult motions, by making use of self coping skills, particularly in the moment of distress in 3 of 4 moments of distress across all environments."
 - c. The IEP prescribes 30 minutes per week of behavioral support services outside the general education setting and 30 minutes per week of behavioral support services inside the general education setting.
- 3. The school year began on
- 4. The IEP team held a meeting on to discuss the student's behavior.
 - a. The team discussed the student's progress using positive behavior supports during the school year by reviewing data from the Class Dojo behavior tracking system that were aligned with the supports required by the student's IEP and BIP and teachers reference the use of individual supports.
 - b. The team reviewed the school's proposed behavior contract.
 - reported that the behavior contract aligned with the student's IEP goals and that the school psychologist would support its implementation.
 - ii. The principal stated that if the behavior contract is violated in any way, the student would be recommended for expulsion.

- c. The school proposed amending the IEP to change the student's behavior support services from 30 minutes per week outside the general education setting and 30 minutes per week inside the general education setting to 60 minutes per week outside the general education setting to better support the student's behavior.
- d. The parent refused to sign the behavior contract or the IEP amendment form.
- 5. The behavior contract contained the following expected behaviors:
 - a. "[Student] will comply with at least 80% of teacher or staff stated directions for volume, body position, work completion, material management, and movement throughout the classroom."
 - b. '[Student]" will speak to peers and adults using a respectful tone and appropriate language 100% of the time. [Student] will refrain from verbal and written insults directed toward another student."
 - c. "If given a redirection or consequence, [Student] will accept the redirection without talking back to the adult or eloping from location at the time of the redirection or consequence."
- 6. The behavior contract contained the following twice-daily incentives:
 - a. A snack of choice.
 - b. Choice time on a school computer.
- 7. The behavior contract contained the following consequences:
 - a. Failure to comply with three directions in a row will result in removal from the classroom for 20 minutes, requirement to write an apology letter, and loss of incentive.
 - b. Use of inappropriate language toward a peer will result in removal from class to in-school suspension and requirement to write an apology letter.
 - c. More than two infractions in a day will result in the student being required to be picked up from school until a parent conference the next day. The parent may be asked to sit with the student during the next day's classes to ensure appropriate behavior.
- 8. reported that the school was not able to fully implement the behavior contract without the parent's signature and buy-in from the parent and student; however, the school held the student to the expectations outlined in the behavior contract and implemented what they could that did not require additional consent.
- The Class Dojo system recorded infractions on the following dates: 2 incidents on ; 4 incidents on ; 4 incidents on ; and 2 incidents on .
 On PCS notified the parent that the student was being
 - recommended for expulsion.

 a. The parent reported that the student continued to attend school from
- 11. On notified the parent that the student would be suspended for 5 days from the five proposed suspension days and returned to school on until the student served four of the five proposed suspension.

3
ect), ral s to or
is he al

student would be recommended for expulsion.² In addition, the school proposed amending the IEP to change the student's 60 minutes per week of behavior support services from half outside the general education setting and half inside the general education setting to all outside the general education setting to better support the student's behavior. The parent had concerns about the proposed behavior contract and so refused to sign it or the IEP amendment form.

reported that the school was not able to fully implement the behavior contract without the parent's signature and buy-in from the parent and student where the contract required the parent the parent to pick up the student if the student did not comply with the contract; however, the school held the student to the expectations outlined in the behavior contract and implemented what they could within the classroom. The student's behavioral concerns continued and the school discipline tracking system recorded infractions on the following dates: 2 incidents on the following dates: 3 incidents on the following dates: 4 incidents on the following completed to make sure that the behavior dates: 4 incidents on the following dates: 4 incidents on the
return to school.
The student's IEP reflects the consideration and inclusion of the use of
positive behavioral interventions and supports and other strategies to support the student's
behavior concerns. However, OSSE finds that the supports in place were insufficient and the

² OSSE's review of the record finds that this statement by school administration is inconsistent with school practice as evidenced by the student's multiple subsequent infractions in prior to the LEA's recommendation for expulsion. OSSE also finds that this statement is inconsistent with the Public Charter School Scholar and Family Handbook, which outlines a four level behavior system and an escalation process, and the student's BIP. OSSE reminds the LEA of their responsibility to communicate clear expectations for student behavior that is consistent with school wide and student level behavior management systems.

the student could not meet expectations in the classroom that the only option was expulsion. As a result, the LEA failed to ensure the student's had the opportunity to remain in the school building with access to nondisabled peers. Therefore, has not complied with 34 CFR §§300.114(a)(2)(i) and 300.115. ISSUE FOUR: DISCIPLINE Findings of Fact 1. The Public Charter School Scholar and Family Handbook includes information on a four level disciplinary infraction system resulting in the initiation of suspension and expulsion procedures for Level 3 and 4 behaviors. 2. On PCS notified the parent that the student was being recommended for expulsion. a. The expulsion recommendation was based on the frequency of Level 3 and 4 incidents involving the student during the school year. b. The student's disciplinary record reflects incidents involving aggressive physical contact with other students, defiance of authority, and other noncompliant behaviors identified in the LEA Handbook as Level 3 incidents and qualifying as Level 4 incidents when repeated. 3. On notified the parent that the student would be suspended for 5 days from notified the parent that the student would be suspended for 5 days from notified the parent in writing of the LEA's decision to expel the student. a. The letter stated the reason was based on the student's pattern of Level 3 and Level 4 behaviors that create an unsafe environment for students. b. The letter listed 14 disciplinary incidents from that included the proposed an IAES plan to begin on following services to be provided on-site at the LEA: a. Two hours of 1:1 tutoring on Mondays, Tuesdays, Thursdays, and Fridays. b. 90 minutes per day of blended learning through online programs to be completed at the student's home or public library. c. 60 minutes per week of behavior therapy. d. These services are consistent with the services required by the student's	during

7.	ine pa	arent reported that the student began receiving educational services in the IAES	
	on the	eleventh day of removal,	
8.	8. A manifestation determination meeting was held		
	a.	The IEP team determined that the student's behavior was a manifestation of	
		disability and the expulsion was rescinded.	
	b.	The team agreed that a reevaluation of the student was necessary, that a	
		psycho-educational evaluation would be completed, and an FBA would be	
		completed once the student returned to school.	
	c	The team, including the parent, agreed that the student would remain in an IAES	
		until the reevaluation was completed and the school had better supports in	
		place to meet the student's behavior needs.	
	٨	The team agreed to continue with the IAES plan already in place as other options	
	u.	were explored. The parent had concerns about the current plan because the	
		student did not have access to the internet at home and the plan did not include	
0	Th	a full day of services.	
9.		rent's attorney proposed the following options for an alternative IAES:	
	a.	Receive services at did not have an	
	L	open space to serve the student at their location at that time.	
	b.	did not want to pay for services that it could provide at the school	
		and offered to increase the IAES services to 12.5 hours of 1:1 tutoring per week	
		and add 30 minutes per day of independent reading in addition to the continued	
		90 minutes per day of blended learning through online programs and 60 minutes	
		per week of behavior therapy.	
	c.	Allow the student to return to school with the support of a dedicated aide. This	
		option was rejected by the school.	
	d.	Short-term placement at I

Discuss	The state of the s	nclusion	
		as not complied with 34 CFR §300.530(d)(5), because it failed to determine the	
		ervices during removal through the IEP team. has complied with the	
remain	ing dis	ciplinary procedures identified under 34 CFR §§300.530 - 300.532.	
Pursuar	nt to 34	4 CFR §300.530(d)(1)(i), after a child with a disability has been removed from	
The state of the s		placement for 10 school days in the same school year, during any subsequent	
		al the public agency must provide educational services so as to enable the child	

to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP. These services may be provided in an IAES. (34 CFR §300.530(d)(2)). The public agency must conduct, as appropriate, an FBA and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (34 CFR §300.530(d)(1)(ii)). If the removal is a change of placement, the child's IEP team determines the appropriate services. (34 CFR §300.530(d)(5)). For purposes of removals of a child with a disability, a change in placement occurs if a removal is for more than 10 consecutive days; or if the child has been subject to a series of removals that constitute a pattern because the removals total more than 10 school days in a school year, the child's behavior is substantially similar to the child's behavior in previous instances, and additional factors such as length of each removal, the total length of removals, and the proximity of the removals to each other. (34 CFR §536(a)). On the date on which the decision is made to make a removal that constitutes a change of placement, the LEA must notify the parents of that decision. (34 CFR §300.530(h)). If the IEP team determines that the conduct was a manifestation of the child's disability, the IEP team must either conduct an FBA or review and update an existing BIP and return the child to the placement from which the child was removed, unless the parent and LEA agree to a change of placement as part of the modification of the behavioral intervention plan. (34 CFR §300.530(f)). The child's IEP team determines the IAES for services. (34 CFR §300.531). If an LEA believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, the LEA may appeal the decision by requesting a hearing. (34 CFR §300.532). The complainant alleges that the LEA provided only verbal notice of the student's expulsion, the student was inappropriately placed in an IAES, the IAES was determined by the LEA without the parent's input, and never completed an FBA as required.

OSSE's review of the LEA's Scholar and Family Ha	ndbook found that it includes information on a
four level disciplinary infraction system potential	ly resulting in the initiation of suspension and
expulsion procedures for Level 3 and 4 behaviors	o. On PCS
notified the parent that the student was being re	commended for expulsion. On
, the disciplinary review panel voted to expe	el the student and the parent was notified by
the principal via phone call. On	notified the parent in writing of
the LEA's decision to expel the student, including	a list of all disciplinary infractions on which
the decision was based.4 The student served a fo	ur-day suspension from
. On propose	d an IAES plan to begin on the same day that
included: two hours of 1:1 tutoring on Mondays, per day of blended learning through online progr	rams to be completed at the student's home or
public library; and 60 minutes per week of behav	Construction of the Constr
eleventh day of removal for the school	year.

OSSE's review of the letter notifying the parent of refers to the IDEA disciplinary safeguards but the record does not reflect whether or not the LEA provided a copy of these safeguards to the parent. Although the parent does not allege that the procedural safeguards provision of the notice requirement at 34 CFR §300.530(h) was violated, OSSE reminds the LEA of their obligation to provide parents with a copy of the procedural safeguards when providing notice of a decision to remove the student from their placement for a violation of the code of student conduct.

⁵ See U.S Department Of Education Questions and Answers on Discipline Procedures (Revised June 2009) at p. 11. (Stating that an appropriate IAES must be selected by the student's IEP team and should not consist of only one option).

period.

OSSE finds that maintaining the student in an IAES and waiting to complete the FBA until the student returned to school were appropriately decided by the IEP team. The parent raised concerns in the complaint and during the course of the investigation that the LEA inappropriately filed a due process complaint to maintain the student's placement in the IAES. OSSE reminds the parties to the complaint that the LEA may utilize the due process complaint procedures to resolve their concerns regarding the student's continued placement in the IAES.

Therefore, has not complied with 34 CFR §300.530(d)(5).

CONCLUSIONS

- 1. OSSE declines to make a finding with regard to 34 CFR §300.303(a)(1) and (2), because the student unenrolled from the LEA prior to completion of the reevaluation.
- 2. has complied with 34 CFR §300.324(a)(2)(i), because it included positive behavioral interventions and supports on the effect during the investigation period.
- 3. has not complied with 34 CFR §300.324(b)(1)(ii), because it failed to revise the student's IEP and supports to address the student's escalating behavioral concerns.
- 4. has not complied with 34 CFR §§300.114(a)(2)(i) and 300.115, because it failed to ensure the student was educated in the least restrictive environment with nondisabled peers.
- has not complied with 34 CFR §300.530(d)(5), because it failed to determine the appropriate services during removal through the IEP team.
- 6. Example of the first of the

CORRECTIVE ACTION

- In order to correct the noncompliance with 34 CFR §300.324(b)(1)(ii), 34 CFR §300.530(d)(5), 34 CFR §\$300.114(a)(2)(i) and 300.115, must do the following:
 - a. Train all relevant staff members, including the principal, on how to create, review, revise, and implement student IEPs, BIPs, and behavior contracts, to address escalating behavior. Documentation of completion is due to OSSE within 60 days of the date of this letter.
 - b. Develop a plan to ensure the availability of a continuum of placements for special education students requiring a more restrictive environment within the LEA than the general education classroom setting. Documentation of this plan is due to OSSE within 30 days of the date of this letter.
 - Cease using behavior contracts with students with disabilities until the training is complete.
 - d. Review and revise all behavior contracts currently in place for students with disabilities to ensure that they are consistent with each student's IEP and BIP and comply with the LEA's code of conduct for all students. Documentation of

- completion is due to OSSE within 60 days of the date of this letter and shall include a list of impacted students, the date of the behavior contract that was reviewed, the date of the updated behavior contract, and a summary of changes made to each.
- e. Train all relevant staff members on discipline procedures, when an IEP team must determine services for a student removed from their placement for more than ten school days. Documentation of completion is due to OSSE within 60 days of the date of this letter.

All corrective actions must be completed by the date specified above, but in no case later than one year from the date of this letter. If you have any questions regarding this decision, please contact Victoria Glick, Manager, State Complaints, at Victoria. Glick@dc.gov or 202-724-7860.

Sincerely,

Amy Maisterra, Ed.D., MSW

Assistant Superintendent, Division Systems and Supports, K-12
