INDEPENDENT ACCOUNTANT'S REPORT

District of Columbia
Office of the State Superintendent of Education
Washington, DC

We have examined the accompanying Schedule of Student Enrollment for the District of Columbia Public Schools (DCPS), Public Charter Schools (PCS), and Community Based Organizations (CBO) as of October 5, 2015, presented in accordance with enrollment and residency criteria set forth in Note 1. The District of Columbia Office of the State Superintendent of Education (OSSE) is responsible for the accompanying schedules. Officials of DCPS and each public charter school are responsible for the enrollment data supporting the accompanying schedules. DCPS and PCS officials did not provide us written assertions about their enrollment data. Our responsibility is to express an opinion as to the accuracy of the enrollment data reported based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the Schedule of Student Enrollment and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

ENROLLMENT AUDIT ANALYSIS

Overview

Our examination included a physical head count of the general education enrollment population of the District of Columbia public and charter schools, community based organizations as well as procedures for District of Columbia students enrolled in non-public schools, programs and surrounding county schools. In addition to the physical count, our examination consisted of a review of student records to determine enrollment and residency status as of October 5th of the current school year.

The student enrollment data was provided by OSSE and comprised 89,930 students as detailed below:

- 87,749 general education students as indicated on the October 5th Statewide Longitudinal Education Database (SLED)
- 727 CBO students as indicated on the October 5th Statewide Longitudinal Education Database (SLED)
- 1,454 District of Columbia students enrolled by DCPS, PCS, OSSE, DYRS and DC Child and Family Services Agency (CFSA) in non-public schools, programs and surrounding county schools.

The audited enrollment of 89,030 students as of October 5th is summarized as follows:

- 87,344 general education students
- 691 CBO students
- 995 District of Columbia students enrolled by DCPS, PCS, OSSE, DYRS and CFSA in non-public schools, programs and surrounding county schools

The enrollment discrepancies attributable to the general education and CBO populations were 0.5% and 5%, respectively. However, the enrollment discrepancies for the students placed by DCPS, PCS, OSSE, DYRS and CFSA in non-public schools, programs and surrounding county schools was 32%. Overall, the total enrollment discrepancies related to the audited enrollment was 900 students or 1%. Our examination disclosed the following deficiencies in student records that resulted in the enrollment discrepancies. Our auditor's report is not modified with respect to these matters.

General Education Students

Enrollment

OSSE's SLED reported 87,749 students were enrolled in the general education program. Our examination determined 87,344 students to be enrolled. The primary basis for the net variance of 405 students who were determined to be not enrolled at a school related to:

- Non-attending and withdrawn students
 - Duplicate student enrollment
 - New enrollment
1. *Non-attending and withdrawn students.* There were 261 students classified as non-attending or withdrawn during our examination and excluded from the enrollment. OSSE provided guidance in its Absent Student Documentation and Hierarchy (Policy) for determining enrollment status for students who were absent on count day. If such criteria were not met, the student was classified as non-attending. The OSSE criteria for determining absent student enrollment as of October 5th was as follows:
 - An attendance record for a student had to reflect attendance during the period September 21st through October 22nd.
 - If attendance records were not available then one of the following acceptable forms of documentation could be provided:
 - A parent or guardian note regarding the absence on count day
 - Two pieces of classwork reflective for the above mentioned period
- Students who were reported as withdrawn by schools as of October 5th yet still reflected in the OSSE database were considered not enrolled for purposes of our report.
2. *Duplicate student enrollment.* Our examination disclosed 490 duplicate enrollments as of October 5th. A duplicate enrollment occurs when a student has been reported as enrolled at more than one school. Each Local Education Agency (LEA) uses a separate student information system for tracking and reporting enrollment. Because there is no consolidated student information system used to

enroll and track all District students, it is possible for a student to be recorded as enrolled in more than one LEA. OSSE issued guidance related to the resolution for duplicate student status in its Absent Student Documentation and Hierarchy (Policy) and this guidance was utilized in our procedures to determine which school would receive credit for a student as part of its enrollment as of October 5th.

3. *New enrollments.* The results of our examination identified 346 students who were found to be attending DCPS or PCS schools as of October 5th but not included in SLED data provided for testing. We both physically counted these students during our examination and inspected student records to ascertain enrollment and residency status as of October 5th.

Review of the DC Residency Verification Form and Other Appropriate Residency Documentation

Of the 87,344 students determined to be validly enrolled in DCPS or PCS schools, 87,236 students were categorized as residents of the District of Columbia. Compliance with OSSE guidance requires schools to maintain residency supporting documentation for all enrolled students. For each student, our procedures included a review of the DC Residency Verification Form or other appropriate alternative residency documents, as specified by OSSE guidelines. Additionally, our procedures included an inspection and assessment of residency supporting documentation for a randomly selected sample of the student population, at each school, whose residency had not been “direct-certified” by OSSE.

Based on our examination, there were 108 students attending DCPS or PCS schools for whom (1) a Residency Verification Form or other OSSE approved residency documents were not provided or (2) the supporting residency documentation provided by the schools was not in compliance with OSSE guidelines.

Community Based Organizations

SLED reflected 727 students as enrolled in Community Based Organizations. Of the 727 students identified in SLED, 691 were substantiated as attending programs sponsored by Community Based Organizations. The primary reason for the 36 student variance is attributable to non-attending and withdrawn students. Our examination also disclosed 12 duplicate enrollments as of October 5th. Additionally, there were 29 students who were not “direct-certified” by OSSE and for whom (1) a Residency Verification Form or other appropriate OSSE-approved residency documents were not provided or (2) the supporting residency documentation provided by the schools was not in compliance with OSSE guidelines.

Students Attending Non-Public Schools, Programs and Surrounding County Schools

SLED reflected 1,454 students as enrolled in non-public schools, programs and surrounding county schools. The composition of the 1,454 enrolled students is highlighted below:

- 884 students placed by DCPS, PCS or OSSE
- 535 students placed by CFSA (wards of the District of Columbia)
- 35 student placed by DYRS

This examination verified 995 students attending non-public schools, programs and surrounding county schools as follows:

- 821 students placed by DCPS, PCS or OSSE
- 139 students placed by CFSA (wards of the District of Columbia)
- 35 students placed by DYRS

Similar to the general enrollment audit results, the foremost reason for the 459 student variance relates to non-attending and withdrawn students. There are 33 students who were not "direct-certified" by OSSE and for whom a residency verification form or other appropriate OSSE-approved residency documents were not provided or the supporting residency documentation provided by the schools was not in compliance with OSSE guidelines.

OPINION

In our opinion, the Schedule of Student Enrollment presents, in all material respects, the audited enrolled and resident students, as of October 5, 2015, based on criteria described in Note 1.

OTHER MATTER

Our examination was conducted for the purpose of forming an opinion on the accompanying Schedule of Student Enrollment. The schedules shown as Attachments A through G are presented for purposes of additional analysis and are not required schedules for the criteria in Note 1. The information in such schedules has been subjected to the examination procedures applied in the examination of the Schedule of Student Enrollment and, in our opinion, such information is fairly stated in all material respects in relation to the Schedule of Student Enrollment.

RESTRICTION ON USE OF REPORT

This report is intended solely for the information and use of the District of Columbia Office of the State Superintendent of Education, Office of the Mayor, City Council, DCPS Chancellor's Office, the Public Charter School Board, and Community Based Organizations and is not intended to be, and should not be, used by anyone other than these specified parties.

DISTRICT OF COLUMBIA OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
NOTES TO THE SCHEDULE OF STUDENT ENROLLMENT
OCTOBER 5, 2015

NOTE 1 – CRITERIA

Enrollment

DC Code 38-1804.02 requires an annual reporting by the Office of the State Superintendent of Education (OSSE) of student enrollment as of October 5th each year. The Schedule of Student Enrollment presents the enrollment calculations required by DC Code 38-1804.02, which includes students attending District of Columbia Public Schools (DCPS) and DC Public Charter Schools (PCS); students attending Community Based Organizations (CBO); students placed in non-public schools, programs and surrounding county schools for special education services by DCPS, OSSE, or a PCS; and students placed by the District of Columbia Child and Family Services Agency (CFSA) in non-public and surrounding county schools.

Assessment of the accuracy of the enrollment reported by OSSE was based on (1) documents prepared internally by each school which were not subject to audit verification; (2) requirements as stated in OSSE's Enrollment Audit Handbook; and (3) OSSE's Absent Student Documentation and Hierarchy (Policy) which is further described in Note 3.

Residency

DC Code Section 38-309 requires that documentation be provided when enrolling a student to verify that the student is a resident of the District of Columbia. Such verification is required no earlier than April 1 each year in order for a student to be considered properly enrolled. OSSE issued instructions to the schools as to the documents necessary to verify residency.

For the purposes of residency verification, the DC Residency Verification Form (or other OSSE designated appropriate alternative document(s) provided by the schools) was inspected for each student. In addition, the supporting residency documentation was examined for a random sample of students who were not indicated as "direct-certified" at each school location for the school's adherence to DC Code Section 38-309 and OSSE guidelines.

OSSE identified certain students as "direct-certified" for residency. "Direct certified" students are students identified by OSSE as current residents of the District of Columbia by participation in District of Columbia government programs. The source for the direct certification indicator is the Income Maintenance Administration's Temporary Assistance for Needy Families (TANF) program file, Child and Family Services (CFSA) and other programs.

The amounts of tuition assessed and collected for nonresident students were provided by individual District of Columbia public and charter schools and OSSE.

DISTRICT OF COLUMBIA OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
NOTES TO THE SCHEDULE OF STUDENT ENROLLMENT

NOTE 1 – CRITERIA (CONTINUED)

Grade Level

Grade levels are reported as provided in the October 5th SLED unless corrected by the schools during the enrollment count process or as appealed by the schools with the following exceptions. Students in special education schools and alternative programs are shown in the reports as “UN” - Ungraded; students with no grade levels or have a grade level of “UN” in schools other than special education and alternative programs were adjusted to a grade level based upon age ranges provided by OSSE, and students in the DCPS STAY programs were all shown as “AO” - Adult.

NOTE 2 - OSSE APPEALS PROCESS

OSSE established a process whereby schools had the opportunity to appeal the decisions noted during the field examination. This appeals process, after the conclusion of the field examination, allowed LEAs an opportunity to present additional documentation for determination of enrollment and residency status and grade level for students. The outcomes of the appeals process have been included in the audited results.

NOTE 3 - OSSE CRITERIA FOR DUPLICATE AND ABSENT STUDENTS

For purposes of this examination, the following criteria were used for determination of enrollment.

- A student present on the day of the count was an enrolled student for the school if (1) the student was reported on the school's roster in the October 5th SLED and (2) there was only one school claiming the student (not a duplicate student enrollment).
- A student who was present on the day of the enrollment count yet not reported on the school's roster in SLED as of October 5th was an enrolled student for that school if (1) acceptable documentation for enrollment at October 5th was provided during the examination and (2) no other school reported the student as enrolled (not a duplicate student enrollment).
- For a student being claimed by multiple schools as an enrolled student (duplicate student enrollment), OSSE's criteria as outlined in the Absent Student Documentation and Hierarchy (Policy) stated that the school receiving credit for the student would be the school which the student attended on October 5th. In cases in which both schools had documented attendance for October 5th the school which had the most days of attendance for the period September 21st through October 22nd received credit for enrollment.

NOTES TO THE SCHEDULE OF STUDENT ENROLLMENT
OCTOBER 5, 2015

NOTE 3 - OSSE CRITERIA FOR DUPLICATE AND ABSENT STUDENTS – (CONTINUED)

- For a student who was absent on the day of the count, the OSSE criteria as outlined in the Absent Student Documentation and Hierarchy (Policy), stated that the school could provide:
 - Attendance records for a student to reflect attendance during the period September 21st through October 22nd. If attendance records were not available, then acceptable documentation could be
 - A note from parent/legal/doctor if absence on count day was because of an illness, court-ordered appearance, out-of-school suspension, etc.; or
 - Two pieces of the student's school work/exam documentation during the period September 21st through October 22nd.

INDEPENDENT ACCOUNTANT'S REPORT

District of Columbia
Office of the State Superintendent of Education
Washington, DC

We have examined the accompanying Schedule of English Language Learner (ELL) Student Enrollment for the District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS) as of October 5, 2015 based on criteria set forth in Note 1. The District of Columbia Office of the State Superintendent of Education (OSSE) is responsible for the accompanying schedule. Officials of DCPS and each public charter school are responsible for the data supporting the accompanying schedule. DCPS and PCS officials did not provide us written assertions about their ELL data. Our responsibility is to express an opinion as to the accuracy of the ELL data reported based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the Schedule of English Language Learner Student Enrollment and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

BASIS FOR OPINION

The October 5th Statewide Longitudinal Education Database (SLED) reflected 7,631 students identified by OSSE as ELL students. The composition of the 7,631 ELL students is highlighted below:

1. 5,164 students identified by DCPS
2. 2,467 students identified by PCS

The examination results indicate that there are 7,868 ELL students as follows:

1. 5,330 students identified by DCPS
2. 2,538 students identified by PCS

Our procedures included an inspection and evaluation of ELL supporting documentation for a sample of students in the ELL population which had not been automatically certified as ELL by OSSE. The sample and audit process were determined by OSSE and noted in OSSE's Student Enrollment Audit Handbook. There were 3,011 students who were not automatically certified and, as a result, were subject to audit. Of those students, there were 98 discrepancies noted, which represents 3% of the audit sample population. These discrepancies were mostly attributable to incomplete ELL documentation to support ELL status and non-qualifying assessment scores.

OPINION

In our opinion, except for the material misstatement described in the preceding paragraph, the Schedule of English Language Learner Student Enrollment presents, in all material respects, the audited ELL enrollment, as of October 5, 2015, based on criteria described in Note 1.

OTHER MATTER

Our examination was conducted for the purpose of forming an opinion on the accompanying Schedule of English Language Learner Student Enrollment. The supplemental schedule of School-by-School English Language Learner Student Enrollment is presented for purposes of additional analysis and is not required schedule for the criteria in Note 1. The information in the schedule has been subjected to the examination procedures applied in the examination of the Schedule of English Language Learner Student Enrollment and, in our opinion, such information is fairly stated in all material respects in relation to the Schedule of English Language Learner Student Enrollment.

In addition, we noted other matters that we have reported to OSSE in a separate letter dated February 12, 2016.

RESTRICTION ON USE OF REPORT

This report is intended solely for the information and use of the District of Columbia Office of the State Superintendent of Education, Office of the Mayor, City Council, DCPS Chancellor's Office, and the Public Charter School Board and is not intended to be, and should not be, used by anyone other than these specified parties.

(a) There were 44 additional students who were identified by DCPS and verified as being ELL during the audit appeals process. OSSE also identified additional pre-certified ELL students during the appeals process.

(b) There were 20 additional students who were identified by PCS and verified as being ELL, and 17 students who were removed as ELL during the audit appeals process. OSSE also identified additional pre-certified ELL students during the appeals process.

DISTRICT OF COLUMBIA OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
NOTES TO THE SCHEDULE OF **ENGLISH LANGUAGE LEARNER STUDENT ENROLLMENT**
OCTOBER 5, 2015

NOTE 1 – CRITERIA

In order to qualify for supplemental funding through the DC Uniform Per Student Funding Formula, all English Language Learner (ELL) students attending District of Columbia Public Schools (DCPS) and DC Public Charter Schools (PCS) must meet the District of Columbia definition of ELL. In accordance with the Public Law 107-110, qualifying ELL students must meet all of the following criteria:

- Student is age 3 through 21;
- Student is enrolled in or preparing to enroll in an elementary school or secondary school;
- Student is:
 - not born in the United States or whose native language is a language other than English;
 - a Native American or Alaska Native, or a native resident of outlying areas; and comes from an environment where a language other than English has had a significant impact on the students' level of English language proficiency; or
 - migratory, his/her language is a language other than English and comes from an environment where a language other than English is dominant; and
- Student who has difficulties speaking, reading, writing, or understanding the English language may be sufficient to deny the student
 - ability to meet the state's proficient level of achievement on state assessments described in section 1111(b)(3);
 - ability to successfully achieve in classrooms where the language of instruction is English;
 - opportunity to participate fully in society.

The Office of the State Superintendent of Education (OSSE) provided guidance to the schools as to the documentation necessary to support ELL determinations. ELL assessments were to be current and administered in accordance with mandated timeframes. Additionally, all assessments were to include data elements as noted below:

- Unique Student Identifier (USI)
- Student's first and last name
- Date of birth
- Grade level when assessment was administered
- Date assessment was administered
- Official scoring sheet, inclusive of the overall or composite score

NOTE 2 – ASSESSMENT

For purposes of this report, final evaluation of ELL status was based on the examination of both complete and current ELL documentation and qualifying assessment scores for a sample of ELL students. The requirements for the ELL audit process and the sample selection process are identified in OSSE's Student Enrollment Audit Handbook.

NOTE 3 - OSSE APPEALS PROCESS

OSSE established a process whereby schools had the opportunity to appeal the decisions noted during the field examination. This appeals process, after the conclusion of the field examination, allowed LEAs to present additional documentation for determination of ELL status for students. The outcome of the appeals process has been included in the audited results.
