Updated Wednesday, Sept. 27, 2017

## DC 2017 PARCC Results Overall improvement for the second year in a row!

## ${ }^{\star \pm \star} \mid$ PARCC Background

- PARCC measures real-world skills, such as problem solving and critical thinking.
- Results indicate if students are on track or ready for college and careers.
- Results provide information on where students need additional support or more challenging work.
- OSSE, LEAs, and schools use this information to make programmatic improvements.

## $6^{\text {th }}$ Grade Math Question

PARCC: Two students use different methods to evaluate $4 \frac{1}{2} \div \frac{3}{4}$

## Student 2

 $4 \frac{1}{2} * \frac{3}{4}$ $4 \frac{2}{4}+\frac{3}{4}$ $\frac{18}{4}+\frac{3}{4}$For each step shown, explain how the diagram drawn by student one relates to the expression written by student two. Show your work.

## 7th Grade PARCC ELA Question

You have read a passage from The Count of Monte Cristo and a scene from Blessings. Think about the similarities and differences in how the two authors develop the themes in each text.

Write an essay in which you identify a theme from each text and analyze how each theme is developed. Be sure to include specific details from both selections.

- Students who score a 4 or higher on PARCC are highly likely to succeed in entry-level, creditbearing coursework in higher education.
- Institutions of higher education in KY, MA, and IL are accepting PARCC scores for entry into credit-bearing coursework.
- Starting in 2018, UDC Community College will accept PARCC level 4+ for entry into creditbearing courses.

# Ossi Scores Are Up for the Second Year in a Row 

- Scores are up across almost all grades and subjects.
- There is especially strong improvement in middle grades in both ELA and mathematics.
- All groups of students improved.
- Specific groups of students are outpacing State improvement.
