About This Assessment

Scott took the PARCC (Partnership for Assessment of Readiness for College and Careers) in Mathematics in spring 2017. PARCC asks students to think critically, solve problems, and respond to questions that measure the knowledge and skills needed for success in this grade or course, and ultimately in college and careers. These results are one of several ways to understand Scott's needs and strengths. Based on this information, families may work with teachers and schools to identify resources to provide their child support. Schools may use the information in this report to better plan instruction and enrichment for students in the coming year.

If you have questions about this report, please talk to Scott's teacher or principal, or contact DCPS at **(202) 123-4567**. If you have questions about the PARCC test, please contact OSSE at **(202) 719-6500**.

How Can You Use This Report?
