EDUCATION

Phelps ACE Highschool, 704 26th Street, NE, Washington, DC 20002

- Freshman

August 2018 - Present

I enrolled at Phelps ACE Highschool after being homeschooled for 5 years to take advantage of the engineering and architecture courses provided as well as to gain real-world applicable skills and relationships that will assist me in my career.

University of District of Columbia Community College, 801 North Capitol Street, Washington, DC - Dual Enrolled High School Student

January 2019

Currently Studying at UDC main campus and community college to get a head start in Architecture. This opportunity is very important to me so I can get as much college credit as possible before graduating high school.

AWARDS

- Honor Roll (4.03 GPA) - 1st Quarter, 2019
- Golden Hammer Award for Exceptional Work - Fall 2018
(Design Apprenticeship Program at the National Building Museum in Washington, DC)
