

2015-16 SCHOOL YEAR SCHOOL HEALTH PROFILE FORM

Healthy Schools Act of 2010

Under Section 602 of the *Healthy Schools Act of 2010* (L18-0209), each public school and public charter school within the District of Columbia is required to complete and submit the School Health Profile (SHP) form to the Office of the State Superintendent of Education (OSSE) on or before Feb. 15 of each year.

Schools are also required to post the information requested in this SHP form online, if the school has a website, and make the information available to parents in the main office.

Any public school or public charter school that fails to complete and submit its SHP form to OSSE on or before Feb. 15 of each year will be out of compliance with Section 602 of the Healthy Schools Act of 2010.

Instructions

This SHP form must be completed by each school. For example, if your local education agency (LEA) includes five campuses, each campus must complete a SHP. Complete all sections of the form with responses for the 2015-16 school year, unless otherwise noted. Once submitted, OSSE will e-mail a PDF copy of the completed SHP to the contact listed in Section 1. Each school is required to post the SHP on the school website, if one exists, and make the information available to parents at the main office.

OSSE recommends that one person at each school be responsible for disseminating the SHP form to school staff members (Health Teacher, Nurse, Food Services Director, etc.) and then collecting the data and submitting the form online. For more information on how to complete the SHP form, please see the Frequently Asked Questions (FAQs) at the end of this document. Words and questions with a "^" symbol have been defined and/or clarified in the Definitions and Question Assistance section, also at the end of this document.

<u>Submission Deadlines</u> Forms must be received on or before Feb. 15 of each year. OSSE will post each completed SHP on the OSSE website within 30 days of receipt for public review. If your school has not completed the form by Feb. 15, your school will be listed on the OSSE website as out of compliance with Section 602 of the *Healthy Schools Act of 2010.* OSSE also reports compliance with the SHP to the Mayor, the DC Council, and the Healthy Youth and Schools Commission.

When completing the online form, please do not use commas, quotes, or press "enter" in text boxes.

- The SHP form must be completed and submitted through https://octo.quickbase.com. Contact OSSE.callcenter@dc.gov for more information.
- Due to skip patterns, you may not answer all the questions. For example, if your school does not have a website, you will move automatically to question 7.

For assistance, please call (202) 719-6500 or e-mail OSSE.callcenter@dc.gov.

• For more information, see the FAQs page at the end of this document.

Section 3: Health Education Instruction

Recommended point of contact for this section: Health Education Teacher

Important Definitions for this Section:

<u>Certified Teacher:</u> Certified means a teacher that has credentials from an organization, association, college, or university to teach in a particular subject.

<u>Highly Qualified Teacher:</u> As per the US Department of Education, highly qualified means that a teacher must have 1) a bachelor's degree, 2) full state certification or licensure, and 3) prove that they know each subject they teach.

<u>Health Education Minutes:</u> This number should represent the average number of minutes over the course of the year. If a student only receives <u>health education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include physical education instruction time in this figure. This average should only include time that a particular student in each grade would receive health education instruction taught with a curriculum specifically designed for health education. For this question, please indicate an average between 0 and 300 minutes of health education that your school provides per grade for every week of the school year.

14. How many certified or highly qualified health education teachers does your school currently have on staff?*

	None	One	Two	Three or more	
14a. Name	of Health Edu	cation Instructor 1*	14ai. (Health Education Instructor 1	E-mail
14b. Name	of Health Edu	cation Instructor 2*	14bi.	Health Education Instructor 2	E-mail
14c. Name	of Health Edu	cation Instructor 3*	14ci. I	Health Education Instructor 2	E-mail

15. If your school partners with any outside programs or organizations to satisfy the health education requirements (including nutrition, alcohol, tobacco and other drugs, sexual health, oral health, etc.), please specify their name below.*

Name of agency or organization:

No current partnership

16. For each grade span in your school, please indicate the average number of minutes per week during the regular instructional school week that students receive health education instruction:*^

Grades: K – 5 Minutes/Week:

Grades: 6 – 8 Minutes/Week:

- 17. Please indicate the total units of health education instruction that your school offers for high school students:

 Units
- 18. For the health topics listed, please specify which health education curriculum (or curricula) your school uses for instruction:

Curriculum:

Note: Please state the name of the curriculum. Avoid "Internally created" and "OSSE/DC Standards"

Section 4: Physical Education Instruction

Recommended point of contact for this section: Physical Education Teacher

Important Definitions for this Section:

<u>Physical Education:</u> Physical education provides students with a structured, sequential, standards-based program of instruction designed to: develop knowledge on motor skills, health-related benefits of active living, and physical activity; increase self-esteem and social responsibility; build a foundation of practices that promote and facilitate the attainment of movement skills, fitness, and physical activities that can be maintained throughout life.

<u>Physical Education Minutes:</u> This number should represent the average number of minutes over the course of the year. If a student only receives <u>physical education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include health education instruction time in this figure. This average should only include time that students receive physical education instruction with a curriculum specifically designed for physical education. For this question, please indicate an average between 0 and 400 minutes.

<u>Physical Activity:</u> Any bodily movement produced by the contraction of skeletal muscle that increases energy expenditure above a resting level. Physical activity can be repetitive, structured, and planned movement; leisurely; sports-focused; work-related; or transportation-related.

<u>Physical Activity Minutes:</u> This number should include the time that students are participating in moderate to vigorous <u>physical activity</u>. It should **NOT** include time devoted to administrative tasks, transitions, or breaks. This number should not exceed minutes reported in Questions 41, 44a, or 44b. For this question, please indicate an average between 0 and 400 minutes.

19. How many physical education teachers does your school have on staff?*

None	One	Two	Three or more
19a. Name of Physical Ed	ucation Instructor 1	19ai. Physical E	ducation Instructor 1 E-mail
19b. Name of Physical Ed	ucation Instructor 2	19bi.Physical E	ducation Instructor 2 E-mail
19c. Name of Physical Ed	ucation Instructor 3	19ci.Physical E	ducation Instructor 2 E-mail

20. What strategies does your school use, during or outside of regular school hours, to promote physical activity? *Select all that apply*

Active Recess Movement in the Classroom Walk to School

After-School Activities Athletic Programs Safe Routes to School

None Bike to School

Other:

21. For each grade span in your school, please indicate the average number of minutes per week during the regular instructional school week that a student receives <u>physical education</u> instruction. This does NOT include recess or after school activities.*^

Grades: K – 5 Minutes/Week:

Grades: 6 – 8 Minutes/Week:

22. For each grade span that receives physical education instruction, please indicate the average number of minutes per week during the regular instructional school week devoted to <u>actual physical activity within the physical education course</u>. This does NOT include recess or after school activities.*^

Grades: K – 5 Minutes/Week:

Grades: 6 – 8 Minutes/Week:

- 23. Please indicate the units of <u>physical education</u> instruction that your school offers for high school students:

 Units
- **24.** Please indicate the average number of minutes devoted to <u>actual physical activity within the high</u> <u>school physical education course</u>: Minutes of physical activity/Physical education course
- 25. Which physical education curriculum (or curricula) is your school currently using for instruction?

Note: Please state the name of the curriculum. Avoid "Internally created" and "OSSE/DC Standards"

Grades: K – 5 Curriculum:

Grades: 6 – 8 Curriculum:

Grades: 9 – 12 Curriculum:

26. Which physical activity curriculum (or curricula) is your school currently using for instruction?

Note: Please state the name of the curriculum. Avoid "Internally created" and "OSSE/DC Standards"

Grades: K – 5 Curriculum:

Grades: 6 – 8 Curriculum:

Grades: 9 – 12 Curriculum:

Section 7: Environment

Recommended point of contact for this section: Principal, Lead Science Teacher

Important Definitions for this Section:

School Gardens: outdoor spaces that engage students through hands-on lessons that enhance learning.

Meaningful Watershed Educational Experience (MWEE's): Provide students with a better understanding of the natural environment by connecting classroom learning with outdoor field investigations. MWEE's encourage students to define an environmental issue, investigate the issue by collecting data through outdoor field experiences, take action to address the environmental issue at the personal or societal level, and then analyze and evaluate the results of the investigation to communicate findings to an audience. More information about MWEE's can be found at

http://www.chesapeakebay.net/publications/title/meaningful watershed educational experience.

TICED.// WWW.CIT	esapeakenay.ne	t/publications/title/meanii	<u>igiui_watersneu_e</u>	<u>educational_expe</u>	Hence.

49. Which of these materials does your school recycle? Select all that apply

Aluminum

Cardboard

Food waste

Glass

Paper

Plastics

None

50. Where does your school compost? Select all that apply

Outside on school grounds
Inside in classroom worm bins
Other method Please Describe

Don't Compost

Healthy Schools Act School Health Profile Frequently Asked Questions

- 1. What is the Healthy Schools Act School Health Profile? The School Health Profile (SHP) is an online questionnaire that must be completed by each District of Columbia public school and public charter school according to Section 602 of the Healthy Schools Act of 2010 (HSA). The contact person listed in the SHP will receive a PDF copy of the Profile that is required to be made available online if the school has a website and available to parents or guardians in the main office. The Office of the State Superintendent of Education (OSSE) will post completed profiles on our website within 30 days of submission.
- 2. **How is the information in the SHP used?** Information collected in the SHP is used to inform OSSE, the Mayor, City Council, and the Healthy Youth and Schools Commission on the extent to which the Districts schools are achieving the goals of the HSA. A report is required by Section 405 of the HSA and is submitted by OSSE to the Mayor and City Council. Reports on the HSA may be found at: http://osse.dc.gov/service/healthy-schools-act.
- 3. When is the SHP due? The SHP is due by Feb. 15 of each year. The SHP should be submitted electronically no later than 5 p.m. on Monday, Feb. 15, 2016.
- 4. Who should complete the SHP? The Principal and contact person from the 2014-15 HSA SHP are automatically given access to the SHP; however, the SHP asks for information pertinent to the entire school. OSSE recommends that the Principal serve as the lead and distribute the printable SHP form to school staff who are most knowledgeable about each section (see chart below for suggestions). The Principal will then collect the information and enter the responses into the SHP online form. If the Principal wishes to designate another staff member as the lead, he/she must send an email to OSSE.callcenter@dc.gov and include the designee' name, title, and email address along with the local education agency and school name. Login information will then be sent directly to the designee.

Section	Recommended to be completed by
1: School Profile	Principal, Administrative Assistant
2: Health Services	School Health Providers
3: Health Education Instruction	Health Education Teacher
4: Physical Education Instruction	Physical Education Teacher
5: School Nutrition and Local Wellness Policy	Principal, Food Services Director or Manager, Chair
	of School Wellness Council/Committee
6: Distributing Information	Principal
7: Environment	Principal, Lead Science Teacher

5. How do I complete the SHP online form?

- a. Log in to Quickbase (http://octo.quickbase.com):
 - DC.gov Users: sign in with your network email and password.
 - If you do not have a dc.gov email but have used Quickbase before, use your previous login and password (usually your school email address and password).
 - If you have not used Quickbase before but have been granted access via an email notification from Quickbase, click the link in the email and follow the instructions.
- b. Click on the application "2015-16 OSSE HSA School Health Profile".
- c. Select "Click to Complete" to be taken to your school's profile.
- d. Once you start a page, you must complete the entire page to be able to save it; partially completed pages will not be saved.
- e. Click the pencil icon to edit your Profile and the eye icon to view the form as it will be submitted.
- f. Complete the questions on page 1. At the end of the page, click the "completed" box and then "save" to save the form.
- g. After clicking "save," you will be taken to the top of page 1. Click "go to page 2" to move on. Once you are on page 2, click "edit" at the top right of the screen. Repeat for page 3.
- h. Many questions are required and you cannot save the form until all required questions on any one page are completed.
- i. Your Profile cannot be submitted unless all three "completed" boxes are checked.
- j. Do not use commas, quotes, or press "enter" in text boxes.
- k. Due to skip patterns, you may not answer all the questions. For example, if you do not have a school nurse, you will move automatically to question 12.
- 6. **Can I see all of the SHP questions in one document?** Yes, a printable version of the SHP is available in the Quickbase application and our webpage: http://osse.dc.gov/node/722242. We suggest that you share this with members of staff that are helping complete the Profile.
- 7. What if I have other questions? Please consult with other school staff if you are not sure of an answer on the profile. OSSE will hold a webinar to review the login process, and how to request access for new users, navigate through the application, and answer certain questions. Click the link below to register:

Wednesday, Jan. 13, 2016 10 a.m. – 11 a.m.

Register: https://attendee.gotowebinar.com/register/5616289273412942338

A recording of the webinar will be made available at: http://osse.dc.gov/node/985562

If this FAQ page does not answer your question, please call OSSE Customer Service Center at (202) 719-6500 Monday-Friday 8 a.m. – 5:30 p.m. or email OSSE.callcenter@dc.gov.

Definitions and Question Assistance

- <u>Q14. Certified Teacher:</u> Certified means a teacher that has credentials from an organization, association, college, or university to teach in a particular subject.
- <u>Q14. Highly Qualified Teacher:</u> As per the US Department of Education, highly qualified means that a teacher must have 1) a bachelor's degree, 2) full state certification or licensure, and 3) prove that they know each subject they teach.
- Q16, 17. Health Education Minutes: This number should represent the average number of minutes over the course of the year. If a student only receives <u>health education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include physical education instruction time in this figure. This average should only include time that a particular student in each grade would receive health education instruction taught with a curriculum specifically designed for health education. For this question, please indicate an average between 0 and 300 minutes of health education that your school provides per grade for every week of the school year.
- <u>Q19. Certified Teacher:</u> Certified means a teacher that has credentials from an organization, association, college, or university to teach in a particular subject.
- Q19. Highly Qualified Teacher: As per the US Department of Education, highly qualified means that a teacher must have 1) a bachelor's degree, 2) full state certification or licensure, and 3) prove that they know each subject they teach.
- Q21, 23, 25. Physical Education: Physical education provides students with a structured, sequential, standards-based program of instruction designed to: develop knowledge on motor skills, health-related benefits of active living, and physical activity; increase self-esteem and social responsibility; build a foundation of practices that promote and facilitate the attainment of movement skills, fitness, and physical activities that can be maintained throughout life.
- Q21. Physical Education Minutes: This number should represent the average number of minutes over the course of the year. If a student only receives <u>physical education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include health education instruction time in this figure. This average should only include time that students receive physical education instruction with a curriculum specifically designed for physical education. For this question, please indicate an average between 0 and 400 minutes.
- Q20, 22, 24, 26. Physical Activity: Any bodily movement produced by the contraction of skeletal muscle that increases energy expenditure above a resting level. Physical activity can be repetitive, structured, and planned movement; leisurely; sports-focused; work-related; or transportation-related.
- Q22, 24. Physical Activity Minutes: This number should include the time that students are participating in moderate to vigorous physical activity. It should **NOT** include time devoted to administrative tasks, transitions, or breaks. This number should not exceed minutes reported in Questions 41, 44a, or 44b. For this question, please indicate an average between 0 and 400 minutes.

Q34. Sustainable Agriculture: An integrated system of plant and animal production practices having a site-specific application that will, over the long-term: (a) Satisfy human food and fiber needs; (b) Enhance environmental quality and the natural resources base upon which the agriculture economy depends; (c) Make the most efficient use of nonrenewable resources and on-farm resources and integrate, where appropriate, natural biological cycles and controls; (d) Sustain the economic viability of farm operations and (e) Enhance the quality of life for farmers and society as a whole.

<u>Q37. School Gardens:</u> outdoor spaces that engage students through hands-on lessons that enhance learning.

Q46. Meaningful Watershed Educational Experience (MWEE's): Provide students with a better understanding of the natural environment by connecting classroom learning with outdoor field investigations. MWEE's encourage students to define an environmental issue, investigate the issue by collecting data through outdoor field experiences, take action to address the environmental issue at the personal or societal level, and then analyze and evaluate the results of the investigation to communicate findings to an audience. More information about MWEE's can be found at http://www.chesapeakebay.net/publications/title/meaningful watershed educational experience.
