### Objectives:

- To understand through a child's heart how adults affect them
- To bring clarity to the need for a more understanding role by parents in marriage and separated or never married at all
- To break ground to introduce the family bill of rights

## The IALAC Story

- Every child has the right to have two homes where he or she is cherished and given the opportunity to develop normally.
- Every child has the right to a meaningful, nurturing relationship with each parent

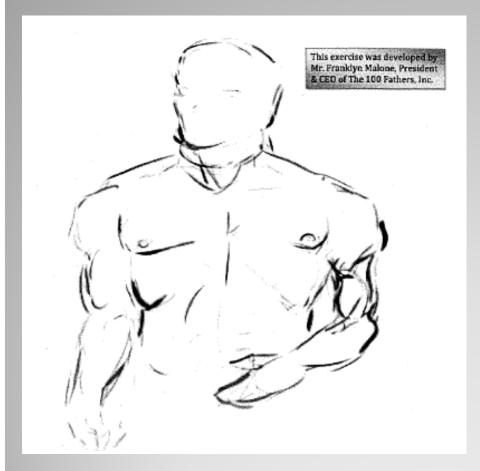

The greatest discovery of any generation is that a human being can alter his Life by altering his attitude.

Family Bill of Rights

- 40% of all children are fatherless
- 71% of all youth incarcerated never knew their fathers
- 75% of fatherless children tend to be drop outs
- 79% of all youth suicides are from those who never knew their fathers love
- 7.5 million children have a father in jail

- 2. Be willing to fight for your rights
- 3. Turn off the TV
- 4. Be disciplined about homework
- 5. Keep your eye on the prize
- 6. Go to museums, zoos, and aquariums
- 7. Invest in your child
- 8. Practice what you preach
- 9. Know that love doesn't have to hurt
- 10. Education is a process... stay committed

### **Parent Means TEAM!**

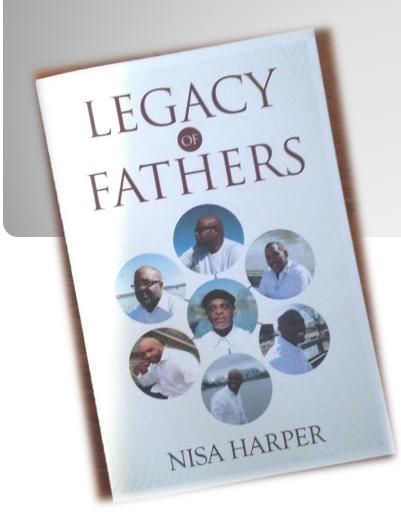

- > Fathers who are involved in school increase academic success for their kids.
- > Children seem to exhibit **less emotional problems** when Dad is involved.
- > If a Father helps with homework the Atonal Study revealed that those children experienced academic excellence.
- ➤ The Pew Research Report for 2015 revealed that when a case by case study was done, by race, that **Black Fathers were the most caring** of all Fathers worldwide!
- > Father absence declined so much in 2015 that it is no longer a factor today.
- > Fathers in the 21st century want to be in the lives of their children!
