DC's New State Education Plan:

DC has drafted a state education plan that outlines statewide strategies for public education, including how the city will support specific groups of students and define quality schools. Our goals:

- ✓ Be the fastest improving state and city in the country in student achievement outcomes.
- ✓ Ensure greater equity in outcomes for our students, by accelerating progress for those who are furthest behind.

The public comment period on the District of Columbia's draft State Education Plan is **Jan. 30 - March 3**.
