

2015-16 SCHOOL YEAR SCHOOL HEALTH PROFILE FORM

Healthy Schools Act of 2010

Under Section 602 of the *Healthy Schools Act of 2010* (L18-0209), each public school and public charter school within the District of Columbia is required to complete and submit the School Health Profile (SHP) form to the Office of the State Superintendent of Education (OSSE) on or before Feb. 15 of each year.

Schools are also required to post the information requested in this SHP form online, if the school has a website, and make the information available to parents in the main office.

Any public school or public charter school that fails to complete and submit its SHP form to OSSE on or before Feb. 15 of each year will be out of compliance with Section 602 of the Healthy Schools Act of 2010.

Instructions	local education agency (LEA) includes five campuses, each campus must complete a SHP. Complete all sections of the form with responses for the 2015-16 school year, unless otherwise noted. Once submitted, OSSE will e-mail a PDF copy of the completed SHP to the contact listed in Section 1. Each school is required to post the SHP on the school website, if one exists, and make the information available to parents at the main office.
	OSSE recommends that one person at each school be responsible for disseminating the SHP form to school staff members (Health Teacher, Nurse, Food Services Director, etc.) and then collecting the data and submitting the form online. For more information on how to complete the SHP form, please see the Frequently Asked Questions (FAQs) at the end of this document. Words and questions with a "^" symbol have been defined and/or clarified in the Definitions and Question Assistance section, also at the end of this document.
	Submission Deadlines Forms must be received on or before Feb. 15 of each year. OSSE will post each completed SHP on the OSSE website within 30 days of receipt for public review. If your school has not completed the form by Feb. 15, your school will be listed on the OSSE website as out of compliance with Section 602 of the <i>Healthy Schools Act of 2010</i> . OSSE also reports compliance with the SHP to the Mayor, the DC Council, and the Healthy Youth and Schools Commission.

- The SHP form must be completed and submitted through https://octo.quickbase.com. Contact OSSE.callcenter@dc.gov for more information.
- Due to skip patterns, you may not answer all the questions. For example, if your school does not have a website, you will move automatically to question 7.

For assistance, please call (202) 719-6500 or e-mail OSSE.callcenter@dc.gov.

• For more information, see the FAQs page at the end of this document.

Section 3: Health Education Instruction

Recommended point of contact for this section: Health Education Teacher

Important Definitions for this Section:

<u>Certified Teacher:</u> Certified means a teacher that has credentials from an organization, association, college, or university to teach in a particular subject.

<u>Highly Qualified Teacher</u>: As per the US Department of Education, highly qualified means that a teacher must have 1) a bachelor's degree, 2) full state certification or licensure, and 3) prove that they know each subject they teach.

<u>Health Education Minutes</u>: This number should represent the average number of minutes over the course of the year. If a student only receives <u>health education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include physical education instruction time in this figure. This average should only include time that a particular student in each grade would receive health education instruction taught with a curriculum specifically designed for health education. For this question, please indicate an average between 0 and 300 minutes of health education that your school provides per grade for every week of the school year.

14. How many certified^ or highly qualified^ health education teachers does your school currently have on staff?*

	None	One	Two	Three or more
14a. Name	of Health Educatio	on Instructor 1*	14ai. He	alth Education Instructor 1 E-mail
14b. Name	of Health Education	on Instructor 2*	14bi. He	alth Education Instructor 2 E-mail
14c. Name o	of Health Educatio	on Instructor 3*	14ci. He	alth Education Instructor 2 E-mail

15. If your school partners with any outside programs or organizations to satisfy the health education requirements (including nutrition, alcohol, tobacco and other drugs, sexual health, oral health, etc.), please specify their name below.*

Name of agency or organization:

No current partnership

Office of the State Superintendent of Education Division of Health and Wellness 810 First Street, NE, Fourth Floor

16. For each grade span in your school, please indicate the average number of minutes per week during the regular instructional school week that students receive health education instruction:*^

Grades: K – 5 Minutes/Week:

Grades: 6 – 8 Minutes/Week:

17. Please indicate the total units of health education instruction that your school offers for high **school students:** Units

18. For the health topics listed, please specify which health education curriculum (or curricula) your school uses for instruction:

Note: Please state the name of the curriculum. Avoid "Internally created" and "OSSE/DC Standards"

Grades: K – 5

Section 4: Physical Education Instruction

Recommended point of contact for this section: Physical Education Teacher

Important Definitions for this Section:

<u>Physical Education</u>: Physical education provides students with a structured, sequential, standards-based program of instruction designed to: develop knowledge on motor skills, health-related benefits of active living, and physical activity; increase self-esteem and social responsibility; build a foundation of practices that promote and facilitate the attainment of movement skills, fitness, and physical activities that can be maintained throughout life.

<u>Physical Education Minutes</u>: This number should represent the average number of minutes over the course of the year. If a student only receives <u>physical education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include health education instruction time in this figure. This average should only include time that students receive physical education instruction with a curriculum specifically designed for physical education. For this question, please indicate an average between 0 and 400 minutes.

<u>Physical Activity:</u> Any bodily movement produced by the contraction of skeletal muscle that increases energy expenditure above a resting level. Physical activity can be repetitive, structured, and planned movement; leisurely; sports-focused; work-related; or transportation-related.

<u>Physical Activity Minutes</u>: This number should include the time that students are participating in moderate to vigorous <u>physical activity</u>. It should **NOT** include time devoted to administrative tasks, transitions, or breaks. This number should not exceed minutes reported in Questions 41, 44a, or 44b. For this question, please indicate an average between 0 and 400 minutes.

19. How many physical education teachers does your school have on staff?*

	None	One	Тwo	Three or more
19a. Na	me of Physical Educati	on Instructor 1	19ai. Physical Educatio	n Instructor 1 E-mail
19b. Na	me of Physical Educat	on Instructor 2	19bi.Physical Education	n Instructor 2 E-mail

Note: Please state the name of the curriculum. Avoid "Internally created" and "OSSE/DC Standards"

Grades: K – 5 Curriculum:

Grades: 6 – 8 Curriculum:

Grades: 9 – 12 Curriculum:

Office of the State Superintendent of Education Division of Health and Wellness 810 First Street, NE, Fourth Floor

27. How many minutes per week do students get recess on average?*

- Grades: K 5 Minutes/Week:
- Grades: 6 8 Minutes/Week:
- Grades: 9 12 Minutes/Week:

Office of the State Superintendent of Education Division of Health and Wellness 810 First Street, NE, Fourth Floor

Section 5: School Nutrition and Local Wellness Policy

Recommended points of contact for this section: Food Services Director or Manager, Principal, Chair of School Wellness Council/Committee

Foods and/or beverages provided through vending machines, fundraisers, or school stores must meet following requirements of the United States Department of Agriculture's Healthier US School Challenge Program at the Gold Award Level: Calories from total fat must be $\leq 35\%$ (excluding nuts, seeds, nut butters, and reduced-fat cheese); trans-fat must < 0.5g; calories from saturated fat must be < 10% (reduced-fat cheese is exempt); total sugar must $\leq 35\%$ by weight (including naturally occurring and added sugars); sodium must be ≤ 200 mg per side dish and ≤ 480 mg per main dish/entrée; and portion sizes must not exceed the serving size of foods served in the National School Lunch/School Breakfast Programs and/or exceed 200 calories.

28. Is cold, filtered water available to students during meal times?*

Yes No

29. Where fruits and/or vegetables available for students in the service line?* Select all that apply

Near the cash register	By the entrée selections
At the beginning of the lunch line	Other

30. How many vending machines are available to students?*

0 1 2 3 4 or more

30a. What hours are student vending machines available? *Select all that apply*

Before and/or after school

During school hours

During school hours, excluding meal times

30b. What items are sold from student vending machines? Select all that apply

100% fruit and/or vegetable juice	Regular chips, pretzels and snack mixes
Baked chips, lower calorie and/or fat snacks	Sodas and/or fruit drinks
Fresh fruits and/or non-fried vegetables	Whole grain products
Milk and dairy products	Water
Other Specify:	

31. If you have a school store, what are the hours of operation? Select all that apply*

Before and/or after school During school hours During school hours, excluding meal times

N/A

31a. What food and/or beverages are sold in the school store? Select all that apply

100% fruit and/or vegetable juice	Regular chips, pretzels and snack mixes
Baked chips, lower calorie and/or fat snacks	Sodas and/or fruit flavored drinks
Fresh fruits and/or non-fried vegetables	Whole grain products
Milk and dairy products	Water
Other:	

32. From which of the following locations are students able to purchase fruits and/or non-fried vegetables? *Select all that apply*

A La Carte in cafeteria

Near the cafeteria cashier

Elsewhere on school grounds Where?

No fruits and/or non-fried vegetables available for student purchase

33. When foods and/or beverages are offered at school celebrations, are fruits and/or non-fried vegetables provided?

Yes

No

Section 6: Distributing Information

Recommended point of contact for this section: Principal

Important Definitions for this Section:

<u>Sustainable Agriculture</u>: An integrated system of plant and animal production practices having a sitespecific application that will, over the long-term: (a) Satisfy human food and fiber needs; (b) Enhance environmental quality and the natural resources base upon which the agriculture economy depends; (c) Make the most efficient use of nonrenewable resources and on-farm resources and integrate, where appropriate, natural biological cycles and controls; (d) Sustain the economic viability of farm operations and (e) Enhance the quality of life for farmers and society as a whole.

34. How are the following items distributed at your school? Select all that apply

LEA's Local Wellness Policy*

	School Website		School Main Office	
	School Cafeteria or Eating Areas		To parent/teacher organization

35. Are students and parents informed about the availability of vegetarian food options at your school?*

Yes	No	Vegetarian food options are not available
-----	----	---

36. Are students and parents informed about the availability of milk alternatives, such as soy milk, lactose free milk, etc., at your school?*

Yes No Milk alternatives are not available

Section 7: Environment

Recommended point of contact for this section: Principal, Lead Science Teacher

Important Definitions for this Section:

School Gardens: outdoor spaces that engage students through hands-on lessons that enhance learning.

<u>Meaningful Watershed Educational Experience (MWEE's)</u>: Provide students with a better understanding of the natural environment by connecting classroom learning with outdoor field investigations. MWEE's encourage students to define an environmental issue, investigate the issue by collecting data through outdoor field experiences, take action to address the environmental issue at the personal or societal level, and then analyze and evaluate the results of the investigation to communicate findings to an audience. More information about MWEE's can be found at

http://www.chesapeakebay.net/publications/title/meaningful_watershed_educational_experience.

37. Does your school currently have a School Garden?*

Yes

37a. Name of Garden Contact*

37b. Garden Contact E-mail*

38. Did any of your classes or student groups attend a farm field trip this year?*

No

	Yes	No			
38a. Ho	w many students atte	ended a farm field tr	ip?		
38b. Wł	nat farm(s) did the stu	dents visit?			
38c. Wa	s this trip funded thr	ough an OSSE Farm	Field Trip grant?	Yes	No
39. Does y	your school offer an E	nvironmental Scien	ce Class?*	Yes	No

39a. How many students are enrolled in this course in the 2015-16 school year?

40. Name of Lead Science Teacher/Environmental Literacy Instructor

40a. Lead Science Teacher/Environmental Literacy Instructor E-mail

Office of the State Superintendent of Education Division of Health and Wellness 810 First Street, NE, Fourth Floor

41. Please select the environmental literacy topics currently addressed in your school. For each selection, indicate the course in which the topic is taught and the curriculum (or curricula) that your school is currently using for instruction:

Note: Please state the name of the curriculum. Avoid "Internally created" and "OSSE/DC Standards"

48a. What was done to remediate the lead situation?

49. Which of these materials does your school recycle? Select all that apply

Aluminum Cardboard Food waste Glass Paper Plastics None

50. Where does your school compost? Select all that apply

Outside on school grounds Inside in classroom worm bins Other method Please Describe Don't Compost

Healthy Schools Act School Health Profile Frequently Asked Questions

- 1. What is the Healthy Schools Act School Health Profile? The School Health Profile (SHP) is an online questionnaire that must be completed by each District of Columbia public school and public charter school according to Section 602 of the *Healthy Schools Act of 2010* (HSA). The contact person listed in the SHP will receive a PDF copy of the Profile that is required to be made available online if the school has a website and available to parents or guardians in the main office. The Office of the State Superintendent of Education (OSSE) will post completed profiles on our website within 30 days of submission.
- 2. How is the information in the SHP used? Information collected in the SHP is used to inform OSSE, the Mayor, City Council, and the Healthy Youth and Schools Commission on the extent to which the Districts schools are achieving the goals of the HSA. A report is required by Section 405 of the HSA and is submitted by OSSE to the Mayor and City Council. Reports on the HSA may be found at: http://osse.dc.gov/service/healthy-schools-act.
- 3. When is the SHP due? The SHP is due by Feb. 15 of each year. The SHP should be submitted electronically no later than 5 p.m. on Monday, Feb. 15, 2016.
- 4. Who should complete the SHP? The Principal and contact person from the 2014-15 HSA SHP are automatically given access to the SHP; however, the SHP asks for information pertinent to the entire school. OSSE recommends that the Principal serve as the lead and distribute the printable SHP form to school staff who are most knowledgeable about each section (see chart below for suggestions). The Principal will then collect the information and enter the responses into the SHP online form. If the Principal wishes to designate another staff member as the lead, he/she must send an email to OSSE.callcenter@dc.gov and include the designee' name, title, and email address along with the local education agency and school name. Login information will then be sent directly to the designee.

Section	Recommended to be completed by	
1: School Profile	Principal, Administrative Assistant	
2: Health Services	School Health Providers	
3: Health Education Instruction	Health Education Teacher	
4: Physical Education Instruction	Physical Education Teacher	
5: School Nutrition and Local Wellness Policy	Principal, Food Services Director or Manager, Chair	
	of School Wellness Council/Committee	
6: Distributing Information	Principal	
7: Environment	Principal, Lead Science Teacher	

5. How do I complete the SHP online form?

- a. Log in to Quickbase (<u>http://octo.quickbase.com</u>):
 - DC.gov Users: sign in with your network email and password.
 - If you do not have a dc.gov email but have used Quickbase before, use your previous login and password (usually your school email address and password).
 - If you have not used Quickbase before but have been granted access via an email notification from Quickbase, click the link in the email and follow the instructions.
- b. Click on the application "2015-16 OSSE HSA School Health Profile".
- c. Select "Click to Complete" to be taken to your school's profile.
- d. Once you start a page, you must complete the entire page to be able to save it; partially completed pages will not be saved.
- e. Click the pencil icon to edit your Profile and the eye icon to view the form as it will be submitted.
- f. Complete the questions on page 1. At the end of the page, click the "completed" box and then "save" to save the form.
- g. After clicking "save," you will be taken to the top of page 1. Click "go to page 2" to move on. Once you are on page 2, click "edit" at the top right of the screen. Repeat for page 3.
- h. Many questions are required and you cannot save the form until all required questions on any one page are completed.
- i. Your Profile cannot be submitted unless all three "completed" boxes are checked.
- j. Do not use commas, quotes, or press "enter" in text boxes.
- k. Due to skip patterns, you may not answer all the questions. For example, if you do not have a school nurse, you will move automatically to question 12.
- 6. **Can I see all of the SHP questions in one document?** Yes, a printable version of the SHP is available in the Quickbase application and our webpage: http://osse.dc.gov/node/722242. We suggest that you share this with members of staff that are helping complete the Profile.
- 7. What if I have other questions? Please consult with other school staff if you are not sure of an answer on the profile. OSSE will hold a webinar to review the login process, and how to request access for new users, navigate through the application, and answer certain questions. Click the link below to register:

Wednesday, Jan. 13, 2016 10 a.m. – 11 a.m. Register: <u>https://attendee.gotowebinar.com/register/5616289273412942338</u>

A recording of the webinar will be made available at: <u>http://osse.dc.gov/node/985562</u>

If this FAQ page does not answer your question, please call OSSE Customer Service Center at (202) 719-6500 Monday-Friday 8 a.m. – 5:30 p.m. or email <u>OSSE.callcenter@dc.gov</u>.

Definitions and Question Assistance

<u>Q14. Certified Teacher:</u> Certified means a teacher that has credentials from an organization, association, college, or university to teach in a particular subject.

<u>Q14. Highly Qualified Teacher:</u> As per the US Department of Education, highly qualified means that a teacher must have 1) a bachelor's degree, 2) full state certification or licensure, and 3) prove that they know each subject they teach.

<u>Q16, 17. Health Education Minutes:</u> This number should represent the average number of minutes over the course of the year. If a student only receives <u>health education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include physical education instruction time in this figure. This average should only include time that a particular student in each grade would receive health education instruction taught with a curriculum specifically designed for health education. For this question, please indicate an average between 0 and 300 minutes of health education that your school provides per grade for every week of the school year.

<u>Q19. Certified Teacher:</u> Certified means a teacher that has credentials from an organization, association, college, or university to teach in a particular subject.

<u>Q19. Highly Qualified Teacher:</u> As per the US Department of Education, highly qualified means that a teacher must have 1) a bachelor's degree, 2) full state certification or licensure, and 3) prove that they know each subject they teach.

<u>Q21, 23, 25. Physical Education:</u> Physical education provides students with a structured, sequential, standards-based program of instruction designed to: develop knowledge on motor skills, health-related benefits of active living, and physical activity; increase self-esteem and social responsibility; build a foundation of practices that promote and facilitate the attainment of movement skills, fitness, and physical activities that can be maintained throughout life.

<u>Q21. Physical Education Minutes:</u> This number should represent the average number of minutes over the course of the year. If a student only receives <u>physical education</u> for one semester or one quarter, please average the minutes for the whole year. Do **NOT** include health education instruction time in this figure. This average should only include time that students receive physical education instruction with a curriculum specifically designed for physical education. For this question, please indicate an average between 0 and 400 minutes.

<u>Q20, 22, 24, 26. Physical Activity:</u> Any bodily movement produced by the contraction of skeletal muscle that increases energy expenditure above a resting level. Physical activity can be repetitive, structured, and planned movement; leisurely; sports-focused; work-related; or transportation-related.

<u>Q22, 24. Physical Activity Minutes:</u> This number should include the time that students are participating in moderate to vigorous <u>physical activity</u>. It should **NOT** include time devoted to administrative tasks, transitions, or breaks. This number should not exceed minutes reported in Questions 41, 44a, or 44b. For this question, please indicate an average between 0 and 400 minutes.

<u>Q34. Sustainable Agriculture</u>: An integrated system of plant and animal production practices having a site-specific application that will, over the long-term: (a) Satisfy human food and fiber needs; (b) Enhance environmental quality and the natural resources base upon which the agriculture economy depends; (c) Make the most efficient use of nonrenewable resources and on-farm resources and integrate, where appropriate, natural biological cycles and controls; (d) Sustain the economic viability of farm operations and (e) Enhance the quality of life for farmers and society as a whole.

<u>Q37. School Gardens:</u> outdoor spaces that engage students through hands-on lessons that enhance learning.

<u>Q46. Meaningful Watershed Educational Experience (MWEE's):</u> Provide students with a better understanding of the natural environment by connecting classroom learning with outdoor field investigations. MWEE's encourage students to define an environmental issue, investigate the issue by collecting data through outdoor field experiences, take action to address the environmental issue at the personal or societal level, and then analyze and evaluate the results of the investigation to communicate findings to an audience. More information about MWEE's can be found at http://www.chesapeakebay.net/publications/title/meaningful_watershed_educational_experience.
