English Language Learners (ELL)
Grades 4 and 8 Mathematics and Reading Digitally Based Assessments on Tablet
Grades 4 and 8 Mathematics and Reading Paper-and-Pencil Assessments**

The District of Columbia Office of the State Superintendent of Education (OSSE) expects that most English language learners will be included on the National Assessment of Educational Progress (NAEP). To ensure the National Assessment of Educational Progress (NAEP) reflects the educational progress of all students, it is vital that English language learners be included to the fullest extent possible. **Only English language learners who 1) have been enrolled in U.S. schools for less than 1 full academic year before the NAEP assessment and 2) do not have enough English proficiency to access NAEP may be excluded from the reading and mathematics NAEP assessment.** All other English language learners should participate in NAEP with or without NAEP-allowed accommodations. The school-level language acquisition teams will make the determination as to the suitable accommodations for the student, and OSSE will monitor the exclusions for appropriate use of the policy. If you have questions about the NAEP accommodations, please contact Swea Hart, NAEP State Coordinator at swea.hart@dc.gov or (202) 374-7148.

Please note all assessments are not the same and are developed to measure specific constructs. Therefore, NAEP may not allow all accessibility features and accommodations that are allowed on the PARCC state assessments. The following are the expectations for inclusion on NAEP:

- 1) NAEP does not allow read-aloud of any part of the NAEP reading test (except the instructions), because decoding words is part of what the NAEP framework is measuring. Students who have the read aloud accommodation for the PARCC ELA assessment may be included in the NAEP Reading assessment ***without*** the accommodation if the student has the ability to decode words. Some students have the ability to read English but not speak the language. Although the read aloud accommodation for Reading is not permitted, this policy may not automatically preclude an ELL student from taking NAEP.
- 2) Students who receive multiple-day testing on PARCC will take the NAEP assessment in 1 day with breaks as needed. NAEP is much shorter than the state assessments, so multiple-day testing is not offered. Students take up to 60 minutes of subject matter content and answer survey questions about their educational experiences.

Please keep in mind that NAEP does not produce results for individual students or schools, unlike the PARCC state assessments. In other words, the NAEP assessments do not impose consequences for the student or the school and are instead intended purely to provide a picture of educational performance and progress.
