**REMINDER! District of Columbia Annual FFY 2011 IDEA Part B Determinations**

Under the Federal Individuals with Disabilities Education Act (IDEA), states receive an annual performance determination from the U.S. Department of Education Office of Special Education Programs (OSEP). States are also expected to evaluate LEA performance and issue LEA determinations. Under this determination framework, States and LEAs can receive one (1) of four (4) determinations:

1. **Meets Requirements**
2. **Needs Assistance**
3. **Needs Intervention**
4. **Needs Substantial Intervention**

In OSEP’s July 1 statement to OSSE regarding the District’s annual determinations for FFY 2012, the District of Columbia received a determination level of “needs intervention” related to Part B IDEA (services to children with qualifying disabilities, ages 3 through 21). The District’s FFY 2011 annual performance reports (APRs), which are based on the 2011-2012 year, serve as the foundation for the determination process. Data examined includes the timeliness rate for evaluations and service provision; transition planning for children and youth; and progress related to the District’s historical noncompliance. To access OSSE’s public announcement regarding the District’s determination, please visit: <http://osse.dc.gov/release/osse-receives-annual-idea-part-c-and-part-b-determination-letters>. In the near future, OSSE will be issuing local annual determination letters to LEAs.

In an effort to provide guidance and support to the LEAS, OSSE is hosting a webinar to review the determinations process and to answer any questions.
