SECTION I: GENERAL INFORMATION

Introduction

The Consolidated Appropriations Act, 2020, (Public Law 116-94), authorized grants to the Office of the State Superintendent of Education (OSSE), Division of Health and Wellness, for providing equipment assistance to School Food Authorities participating in the National School Lunch Program (NSLP). The District of Columbia has been selected to receive funding in the amount of $68,306.

These funds will be available through a competitive grant process to public schools (i.e., schools within the District of Columbia Public Schools), and public charter schools and participating non-profit private/non-public schools.

These funds will make a significant investment by allowing the purchase of capital equipment used to serve healthier meals, meet the nutritional standards with emphasis on more fresh fruits and vegetables in school meals, improve food safety and expand accessibility to food services.

Grant Period

The grant period begins on the award date listed on the GAN, and ends on September 30, 2022. All funds must be expended by this date. Unexpended funds of the approved grant will be refunded to the Agency for further award to eligible applicants.

Eligibility

Any District of Columbia Public School, Non-Profit Private/Non-Public School or a Public Charter School campus chartered by the District of Columbia Public Charter School Board that currently participates in the NSLP, may apply. Awards are determined based on the school campus, not the School Food Authority (SFA) as an entirety. SFAs cannot submit applications for school campuses that are not part of their SFA in school year 2020-21.

Focus of School Food Authority Grants

In order to make the most effective use of these grant funds, equipment requests must address at least one of the following focus areas:
• Equipment that lends itself to improving the quality of school food service meals that meet the dietary guidelines (e.g., purchasing an equipment alternative to a deep fryer, or steam ovens that improve quality of prepared fresh or fresh-frozen vegetables).

• Equipment that improves the safety of food served in the school meal programs (e.g., cold/hot holding bags/equipment, dish washing equipment, refrigeration, milk coolers, freezers, blast chillers, etc.).

• Equipment that improves the overall energy efficiency of the school food service operations (e.g. purchase of an energy-efficient walk-in freezer replacing an outdated, energy-demanding freezer).

• Equipment that allows sponsors to support expanded participation in a school meal program (e.g., equipment for serving meals in a non-traditional setting or to better utilize cafeteria space).

• Equipment that aides in strategies for adopting smarter lunchrooms (e.g. lunchroom changes that appeals to student population; highlighting convenience, healthy choices, and supporting menu changes to healthier options).

Equipment Examples

The following are examples of allowable equipment that meet the focus area of this grant. This list is not exhaustive.

• Portable kiosks for remote point-of-sale or Grab’n Go
• Rolling milk cooler
• Rolling hot and/or cold storage units
• Refrigerators
• Freezers
• Combi ovens
• Tilt skillets
• Hot and/or cold food service lines

Funding

Total funding available: $68,306
Minimum award amount: $1,000
Maximum award amount: $15,000
Estimated number of awards: Six to eight
An applicant may request funds for more than one piece of equipment, but the total funding request for any one application may not exceed $15,000.

If multiple pieces of equipment are requested, an applicant should rank the requested equipment according to need. This ranking will assist OSSE in determining which equipment request to support if an application is partially funded.

Continuation Funding
All awards are made for a period of up to two years, as defined by the grant period. However, if all funds are not expended by September 30, 2021, applicants awarded funds will be required to complete and submit an annual continuation application prior to being awarded continuation funds in year two. The continuation application will be online in OSSE’s EGMS. Information regarding the application will be communicated to recipients prior to the end of each program period. Continuation of awards in year two is contingent upon:

• The availability of funds;
• The sub-recipient completing closeout for year one by Jan. 15, 2022;
• Compliance with District and Federal laws, regulations, and guidance;
• Operation of the grant program as submitted in the application; and
• The appropriate expenditure of funds throughout the grant award period.
• The completion of a continuation grant application.

SECTION III: PROGRAM AND ADMINISTRATIVE REQUIREMENTS

Use of Funds

Applicants shall only use funds for equipment that benefits the school (not a caterer or food service management company, if vended). Equipment assistance grant funds are to be used solely to purchase needed school food service equipment.

Equipment

For the purpose of this grant, equipment means nonexpendable, tangible personal property with a useful life of more than one year and a per unit acquisition cost of $1,000 or greater. Equipment requests may include new equipment, renovation of equipment, or replacement of equipment.

Equipment with a per unit acquisition cost of less than $1,000 will not be considered for this grant. Small-ware items such as trays and plates, utensils, pans, containers and the like will not be considered. Multiple units of equipment totaling $1,000 will not be considered for this grant. Equipment must have a per unit acquisition cost of $1,000 or greater.
Per unit acquisition cost, as defined by the federal government, includes the “net price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges such as taxes, duty, and protective in transit insurance, freight and installation may be included or excluded from the acquisition cost in accordance with the non-Federal entity’s regular accounting practice.” All costs included within the acquisition cost must be necessary and reasonable in accordance with federal cost principles.

Equipment purchased under this program will not be given to, granted to, transferred to, leased to, or sold to any person or entity that is not eligible to participate in the grant program as applicant.

**Procurement**

Procurement regulations at 7 CFR Part 210.21 and 2 CFR Part 200.317-326 apply to any equipment procured with these grant funds. Equipment competitively procured using these grant funds must be reasonable, necessary, and allocable in order to be permissible costs. For example, using these funds to purchase a walk-in freezer for school food service would be allowable; however renovation of the food service area would fall under the category of construction and would not be an allowable cost.

A grantee must follow all Federal and District procurement laws when purchasing equipment with these grant funds, whichever is more proscriptive. All procurement transactions for equipment is conducted in a manner that provides, to the maximum extent possible, open and free competition. If you have questions about procurement procedures please contact your procurement office.

Recipients are encouraged to take advantage of volume purchase agreements.

**Reimbursement**

Schools selected to receive proceeds of this grant will be required to provide the following documentation upon expenditure and request for reimbursement:

i. Signed confirmation of adherence to procurement rules documents
ii. Invoices detailing item(s) purchased (shall include shipping & handling and any installation charges, including date of delivery/install)
iii. Date equipment was installed and used toward meeting grant initiatives
iv. Evaluation Questionnaire (submit with reimbursement request)
v. Any reporting requirements for USDA

**SECTION IV: GENERAL PROVISIONS**
Decision and Notifications of Awards

In order to be awarded a grant, organizations must establish eligibility by submitting an application to OSSE in accordance with the relevant program statute(s) and this RFA. Each awarded applicant will receive a Grant Award Notification (GAN) generated through OSSE’s electronic grant management system (EGMS) that will include the award amount, award agreement, terms and conditions of the award, and any supplemental information required. Once OSSE has fully approved the application and issued an official GAN, grantees may then receive payment for allowable expenditures for which obligation was made during the grant period. OSSE has implemented a reimbursement process for all grantees. Grant award payments are reimbursable on a monthly basis. Program costs must be paid by the grantee to the payee prior to requesting reimbursement; it is not sufficient for costs merely to be incurred. Compliance with programmatic and fiscal implementation and reporting will be considered in paying reimbursement requests. To receive reimbursement for grant program expenditures, OSSE grantees must complete and submit a reimbursement request electronically using EGMS.

Audits

At any time or times before final payment and during the required retention period, the District and respective jurisdictional administrative agencies may have the applicant’s expenditure statements and source documentation audited.

Monitoring and Reporting

The recipient will cooperate with any evaluation of the program, such as providing OSSE requested data and access to records and pertinent staff. The OSSE Grant Program Managers will monitor program services and grant administration pursuant to the terms of the grant agreement and will make onsite visits. Monitoring efforts are designed to determine the grantee’s level of compliance with federal and/or District requirements and identify specifically whether the grantee’s operational, financial and management systems and practices are adequate to account for program funds in accordance with federal and/or District requirements. Failure to maintain compliance with such requirements may result in payment suspension, disallowance of costs or termination of the grant.

Grantees shall be required to cooperate with all requirements and information requests by OSSE relating to evaluation of the program and the collection of data, information, and reporting on outcomes regarding the program and activities carried out with grant funds. Grantees shall be required to reply and acknowledge OSSE’s information requests within 48 hours and to provide requested information within ten (10) business days.
Funds received for this grant may not be combined with other school nutrition program funds and must be tracked and reported separately. You may be required to report on the number of jobs created or retained because of this grant.

Per USDA requirements, grantees will be required to complete quarterly reports. Quarterly reports will need to include the type of equipment purchased, accomplishments and challenges in expenditure activities, impact on the school food service operation of purchased equipment, reason(s) for any un-liquidated funds and potential return of equipment. A template for providing quarterly reports will be provided.

OSSE will consider failure to comply with the reporting requirements to be a material failure to comply and a basis for termination.

Grantees are required to complete an NSLP Equipment Grant report within 30 days of the award date, and again at the end of the grant period. The report will collect the following information:

- Alternative serving models being used for each meal served
- Number of meals served (timeframe will be specified in the report)

Grantees are required to submit the following information to OSSE at the end of the grant period:

- Type of equipment purchased
- Accomplishments and challenges in expenditure activities
- Impact on the school food service operation of purchased equipment
- Reason(s) for any un-liquidated funds
- Potential return of equipment

Confidentiality

Except as otherwise provided by local or federal law, no recipient shall use or reveal any research, statistical, or personally identifiable information for any purpose other than that for which such information was obtained in accordance with this grant program. Such information, and any copy of such information shall be immune from legal process and shall not, without the consent of the person furnishing such information, be admitted as evidence or used for any purpose in any action, suit, or judicial, legislative, or administrative proceeding.

Appearance of a Conflict of Interest

The grant recipient shall ensure that no individual in a decision-making capacity will engage in any activity, including participation in the selection of a vendor, the
administration of an award, or an activity supported by award funds, if the appearance of a conflict of interest would be involved. An appearance of a conflict of interest would arise when the individual, any member of the individual’s immediate family, the individual’s partner; or an organization that employs, or is about to employ, any of the aforementioned, has a financial or personal interest in the firm or organization selected for a contract.

Terms and Conditions

- Funding for this award is contingent on available funds. The RFA does not commit OSSE to make an award.
- OSSE reserves the right to accept or deny any or all applications if the agency determines it is in the best interest of the agency to do so. OSSE shall notify the applicant if it rejects that applicant’s proposal. OSSE may suspend or terminate an outstanding RFA pursuant to its own grant-making rule(s) or any applicable regulation or requirement.
- OSSE reserves the right to issue addenda and/or amendments subsequent to the issuance of the RFA, or to rescind the RFA.
- OSSE shall not be liable for any costs incurred in the preparation of applications in response to the RFA. Applicant agrees that all costs incurred in developing the application are the applicant’s sole responsibility.
- OSSE may conduct pre-award on-site visits to verify information submitted in the application and to determine if the applicant’s facilities are appropriate for the services intended.
- OSSE may enter into negotiations with an applicant and adopt a firm funding amount or other revision of the applicant’s proposal that may result from negotiations.
- OSSE shall provide the citations to the statute and implementing regulations that authorize the grant or sub grant; all applicable federal and District regulations; payment provisions identifying how the grantee will be paid for performing under the award; reporting requirements, including programmatic, financial and any special reports required by OSSE; and compliance conditions that must be met by the grantee.
- If there are any conflicts between the terms and conditions of the RFA and any applicable federal or local law or regulation, or any ambiguity related thereto, then the provisions of the applicable law or regulation shall control and it shall be the responsibility of the applicant to ensure compliance.

### Description of Scoring

The criteria above will be scored using the following indicators:

- **Missing**: The category is not addressed.
- **Does Not Meet Expectations**: The applicant is missing a very large portion of the category, fails to provide information, or provides inaccurate information.
- **Working Towards Expectations**: The applicant provides unclear and non-specific information, partially addresses the category, but provides limited information about approach and strategies. The answers lack focus and detail.
- **Meets Expectations**: The applicant provides general but sufficient detail, adequately addresses the category; however, some areas are not fully explained and/or questions remain. The application has some minor inconsistencies and weaknesses.
• **Exceeds Expectations:** The applicant provides specific and comprehensive information, and provides complete, detailed, and clearly articulated responses to address the category. The description is well-conceived and the ideas are fully developed and original.

OSSE’s Division of Health and Wellness has a competitive preference for the 2021 NSLP Equipment Assistance Grant which is intended to narrow the achievement and opportunity gap.

The Division of Health and Wellness will provide a competitive preference to DC public schools and DC public charter schools who:

• Have not received an NSLP Equipment Assistance Grant in the previous three years, and;
• Earned a 1 or 2 star rating on the [DC School Transparency and Reporting (STAR) Framework](#) or;
• Are purchasing equipment that supports providing meals in non-traditional setting to expand accessibility to food service.

**Competitive Preference**
Based on the rationale above, OSSE will utilize a competitive preference in reviewing FY2021 NSLP Equipment Assistance Grant applications. OSSE intends to award at least 50 percent of FY2020 funds to applications from competitive preference schools.

More information about the competitive preference, including a list of schools that will receive competitive preference can be found under the 2021 NSLP Equipment Grant Documents [here](#).
