

Background Check Requirements and Resources

Applicants who are **not** employed or recently hired by the District of Columbia Public Schools (DCPS) must submit official background check results from the Federal Bureau of Investigation (FBI). For more information on the FBI background check process, please visit: <http://www.fbi.gov/about-us/cjis/background-checks>. If you choose to receive the background check directly from the FBI, you will need to:

- 1) Complete the Applicant Information Form (link above) to request a review of your own record (DC does not have an agency number, so the process of sending the results to an agency number is not an option).
- 2) Supply a legible fingerprint card to the FBI (see below for possible fingerprinting agencies; best if completed on cardstock paper). Information on where to send your fingerprint card is on the Applicant Information Form.
- 3) Have the background check results mailed to you (do not have them sent to our office directly).
- 4) Include the sealed envelope with your licensure application packet.

Applicants may also want to check if national background check services are provided by your local and/or state police offices.

Background Check & Fingerprinting Agencies

(The following is provided as a courtesy and is based on an Internet search; the information is accurate as of April 2013)

Company	Address	Contact Number	Office Hours	One of the following is required	Services
