**Section 1: General Information**

**1.1 Introduction**

**Overview of the SOAR Act**

The Scholarships for Opportunity and Results (SOAR) Act, Pub. L. 112-10, 125 Stat. 199, is a federal law that authorizes funding for District of Columbia (District) public charter schools “to improve and expand quality public charter schools in the District of Columbia.” §3004(b)(2). Each year, OSSE’s Office of Public Charter School Financing and Support (OPCSFS) submits an application to the US Department of Education (USED) describing how it will administer the funds. Evidence of public consultation is a required component of the application process and OPCFS sought stakeholder feedback during the summer of 2015 prior to submitting the FFY2015 application to USED on September 1, 2015. USED approved the application and issued a Grant Award Notice (GAN) to OSSE on May 5, 2016.

**Charter Sector SOAR Funding**

Through the approved application and grant award, OSSE provides SOAR funding to public charter schools through five grant programs. The Notice of Funding Availability (NOFA) for the following grant programs was published in the District Register on Friday, May 20, 2016:

<b>Project Name</b>	<b>Budget (Approx.)</b>	<b>Type of Grant</b>
1. Academic Quality Grants	\$6,200,000.00	Competitive
2. Grants to Support Early Childhood Education	\$603,314.34	Formula
3. Quality Grants to Third Party/Charter Support Organizations	\$2,500,000.00	Competitive
4. Grants for Public Facilities	\$4,086,685.66	Competitive
5. Grants for Replication & Growth	\$700,000.00	Competitive

## **1.2 Purpose of Funds**

OSSE's administration of SOAR Act funding is designed to increase student achievement and academic growth of District public charter school students by supporting the creation and expansion of high-quality public charter schools. In order to accomplish this goal, OSSE established two impact areas for this grant cycle, in consultation with stakeholders:

- Innovative funding to improve school performance and educational outcomes; and
- Effective facility funding to increase the number of high-quality public charter school seats.

Through this RFA, OPCSFS is soliciting proposals from eligible District public charter schools for the following grant program:

- **Public Facilities Grants**
  - This program is designed to provide high-quality public charter schools with funds to renovate former DCPS (or other District-owned) facilities that are leased from the District or to renovate facilities that are owned by charter schools.
  - Successful applicants who are seeking to renovate a facility owned by the charter school will be required to enter into an agreement that addresses disposition of SOAR-funded improvements should the facility no longer be used to provide educational services to District of Columbia public school students.
  - Disposition of renovated facilities shall provide for reimbursement in a manner similar to regulations governing disposition of property acquired by federal grant funds. OSSE will seek guidance from USED on this process.
  - Projects submitted by Tier 1 and Tier 2 LEAs, as determined under the DC Public Charter School Board (PCSB) Performance Management Framework (PMF), will be given priority scoring.

### **1.3 Source of Funding**

The United States Department of Education, through the District of Columbia School Choice Incentive Program, 84.370C, Public Law 108-199, III, District of Columbia School Incentive Act of 2003; Scholarships for Opportunity and Results Act, effective April 15, 2011 (Pub. L. 112-10; 125 Stat. 201). Federal Award Identification Number (FAIN) U370C150002.

### **1.4 Requirements of Funding**

In addition to the requirements of this RFA, the assurances made in the submitted application, and the terms of the Grant Award Notice (GAN) issued by OSSE to the subgrantee, a key condition for receiving these funds is compliance with activities necessary to carry out a mandated evaluation of the Opportunity Scholarship Program (OSP), as specified in Section 3011(a)(1) of the SOAR Act. Pursuant to this section, the U.S. Department of Education's Institute of Education Sciences (IES) is required to evaluate annually the performance of students who applied to the OSP (Sec. 3009). Because some OSP applicants will be enrolled in public charter schools, it will be necessary for IES and its evaluation contractor to collect data on and from public charter school campuses once each school year during the applicable grant period. Please be advised that noncompliance of the charter school with the terms and conditions stated in the SOAR Act GAN may result in the withholding of SOAR Act funds administered by OSSE. All awardees must also comply with The Davis-Bacon and Related Acts (40 U.S.C. 3141 *et seq.*).

### **1.5 Funds Available and Funding Period**

At least \$4,086,685.66 is available for awards through this RFA. OSSE will provide up to \$750,000 per award. Awards are limited to one per charter local educational agency (LEA). The duration of the Public Facility Project grant is for a period of two years from the grant award date.

### **1.6 Eligibility**

An eligible applicant meets all of the following criteria:

- Must be a District of Columbia Public Charter School; and
- Must provide site control evidence of the former District-owned facility or charter-owned facility within 180 days of award. If site control evidence is not provided, the grant award will be terminated in full and the LEA must return any expended funds. Site control evidence may include executed lease agreements, purchase agreements, building permits, and mortgage deeds of trust.

### **1.7 Permissible Use of Funds**

The funds associated with this RFA are available strictly on a reimbursement basis and may only be used for allowable grant project expenditures during the grant period as follows:

- All costs must:
  - Meet requirements of permissible use of Federal Funds within EDGAR 34 CFR Part 75, Part 76, 2 CFR Part 200 and any applicable OMB Circulars;
  - Align with and support the principles outlined in the District of Columbia's Elementary and Secondary Education Act (ESEA) Flexibility Waiver as applicable and the IDEA State Systemic Improvement Plan (SSIP); and
  - Support renovations and reconstruction, both soft and hard costs, which may include exterior reconstruction, interior reconstruction, upgrades to systems, and the creation of new or improved academic and/or physical fitness space.

*Please note:* Funds may only be used for the site described in the original application. If the charter LEA does not have control of the identified site, the grant award will be terminated in full and the LEA must return any expended funds.

All grant project budgets will be reviewed by a review panel, as well as OPCSFS staff, to ensure that planned expenditures are allowable and are appropriate, reasonable, and necessary to support the grant objectives. Additional guidance about standards for determining costs for federal grants is available from The Federal Register at:

<https://www.federalregister.gov/articles/2013/12/26/2013-30465/uniform-administrative-requirements-cost-principles-and-audit-requirements-for-federal-awards>.

A project which is terminated will be subject to the same requirements regarding audit, recordkeeping, and submission of reports as a project which runs for the duration of the project period.

## **5.6 Appearance of a Conflict of Interest**

All grant recipients shall ensure that no individual in a decision-making capacity will engage in any activity, including participation in the selection of a vendor, the administration of an award, or an activity supported by award funds, if the appearance of a conflict of interest would be involved.
