Healthy Schools Act Meal Reimbursement

Local Education Authorities:

This memorandum serves as a notice that Healthy Schools Act (HSA) meal reimbursements prior to April 2013 will not be paid by the Office of the State Superintendent of Education (OSSE) without sufficient proof that claims were submitted within the 60 day timeframe and are complete with proper documentation.

Prior to April 2013, Healthy Schools Act additional meal reimbursement payments were determined through menu verification and tracking of local food items. Many times this verification altered the total number of meals allowed for local reimbursement compared to the federal National School Lunch (NSLP) and School Breakfast Program (SBP). Upon verification, LEAs were responsible to revise the local meal claim and resubmit to OSSE within a timely manner as well as follow up around payment.

Unless OSSE can verify through official records from the LEA that the claim information matches the menu verification, unverified claims prior to April 2013 will not be processed. Any verified claims beginning with April 2013 will be handled on a case by case basis to determine if payment is warranted.

Any inquiries for HSA claims, other than for Fiscal Year 2015, must be sent to OSSE by June 30, 2015.

If there are any questions regarding this matter, please email nslp.claims@dc.gov.

Reminder

Go Blue for Strong Families and Prevention of Child Abuse and Neglect Month

We all want every child in our city to grow up in safe and healthy families. Yet the tragic fact is that thousands of our young people fall victim to abuse and neglect each year.

In April 2015, as part of Child Abuse and Neglect Prevention Month, OSSE has partnered with the Mayor's Advisory Committee on Child Abuse and Neglect (MACCAN) to increase public awareness related to the prevention and treatment of child abuse and neglect. On April 10, 2015, OSSE, along with many other DC Government agencies, will **GO BLUE**. Wearing BLUE indicates that you are standing up for strong children and families in DC through the prevention and treatment of child abuse and neglect. So, **GO BLUE** on April 10, 2015.

Training for High School Homeless Liaisons on Youth Vulnerability Index and Service Prioritization Decision Assistance Tool (VI-SPDAT)

At least one in every twenty-four enrolled public school students in the District of Columbia is homeless. OSSE is working aggressively to remove educational barriers for students in unstable and/or transitory housing. In 2015, as a part the work of the DC Interagency Council on Homelessness (DC ICH), OSSE is partnering with other District agencies to design, implement, and test a system of coordinated entry for at least 150 unaccompanied homeless youth (without children in their custody) within 100 days. The primary focus of this effort is to ensure that the most vulnerable students receive more timely supports and interventions. In order to succeed in achieving this ambitious goal, OSSE is encouraging homeless liaisons from every District high school to attend this important training facilitated by The Community Partnership for the Prevention of Homelessness, if they have not attended a previous VI-SPDAT training.
