DC Municipal Regulations Title 5-E, Chapter 30: Special Education Review Schedule

In Spring 2014, the Office of the State Superintendent of Education (OSSE) initiated a review of Title 5-E, Chapter 30 of the District of Columbia Municipal Regulations (DCMR), the local regulation that governs special education practice in DC, with the intention of revising identified key components. In addition, input from the process will be used to inform the development of a new five-year strategic State Systemic Improvement Plan (SSIP) for Special Education.

As part of the regulatory review process, the Division of Elementary, Secondary, and Specialized Education (ESSE) has released surveys and held topic-specific focus groups on key content area "clusters" to inform the work:

- Transfer of Educational Rights
- Child Find, Evaluation, & Eligibility Determination
- Specialized Instruction & Caseload/Class Size
- Least Restrictive Environment (LRE) & Discipline Procedural Safeguards
- Graduation Pathways, Secondary Transition, & IEP Certificate of Completion

A high-level overview of the initiative's calendar of events and the OSSE content area review process can be found at: DC Municipal Regulations (DCMR) Title 5-E, Chapter 30: Special Education Review Schedule.

The fifth and final content area, Graduation Pathways, Secondary Transition, & IEP Certificate of Completion, is being reviewed in December 2014.

ESSE has developed a <u>topic-specific survey</u> that is open to all stakeholders. The deadline for submission of this topic survey is Monday, December 15, 2014.

A LEA focus group is scheduled to take place on Monday, December 8, 2014. A parent/community focus group for this topic area will take place on Thursday, December 11, 2014. RSVP for the parent/community focus group.

Focus group details and reminders will be posted on the <u>OSSE website</u> and in the LEA Look Forward. For more information, contact <u>Jamille Peters</u>, policy analyst.

OSSE Releases its Annual Special Education Parent Survey

The survey is available electronically and should be completed by parents of children who received special education and related services during School Year 2013-2014. Hard copies of the survey will also be mailed to the households of families. Parent responses are confidential and will guide the Division of Elementary, Secondary, and Specialized Education's efforts to improve services and results for children and families.

OSSE is requesting the assistance of local education agencies to disseminate the survey. If OSSE receives enough responses to the survey based on an individual LEA, a report summarizing the survey results will be provided.

Additional information regarding the survey timelines and guidance are available on OSSE's website.

For questions or inquiries for the survey, please contact <u>Ms. Desirée Brown</u>, special projects manager, Community and Parent Relations or call (202) 478-5896.
