Schools with Full Reviews of Residency Verification Documents: 2017-18 Enrollment Audit

The Office of the State Superintendent of Education (OSSE) conducts an annual enrollment audit in all publicly-funded schools and pre-Kindergarten community-based organizations in the District of Columbia. In the 2017-18 school year, OSSE increased its focus on residency verification during the enrollment audit. During the audit, if schools fail a random 20 percent sample of their residency verification forms, enrollment auditors move directly into a 100 percent review of all residency files.

Below is the list of 47 schools at which OSSE reviewed full residency documentation in the 2017-18 school year.
