Are you 18 or older and interested in going to college? Did you start college but were unable to finish? If that's you, join us at the fair for:

- **Conversations** with representatives from local universities and colleges that offer adult friendly credential, associates and bachelors degree programs.
- **Scholarship** and resource information from organizations that support adult learners who are pursuing higher education degrees.
- **Degree Audits** with local college or university representatives. Bring your unofficial transcript and receive a complimentary degree audit or transcript evaluation.
- **Workshops** designed to provide you with everything you need to know to successfully return to college or enroll in college for the first time.
- **Opportunities** to enter a scholarship drawing and to learn how you can earn your degree for \$3000 or less.
- **Application fee** waivers from participating colleges and universities.

Attention Early Childhood workforce:

Representatives from local universities that offer the Child Development Associate credential, associates and bachelors degree programs will be on hand to assist you as well!
