Grant Background & Purpose
Grant Background and Purpose

Washington, DC’s school system is comprised of both public schools and public charter schools serving thousands of students. Many of the students in DC are from low economic backgrounds, with a high number qualifying for free or reduced-price lunches through the National School Lunch Program. Many challenges can impact long term outcomes for children in economically disadvantaged communities, including poor student achievement, truancy and poor health and homelessness.

According to the Institute for Educational Leadership, in many urban areas, community schools have been an effective approach to ensure that students and their parents/caregivers have access to school and community programs and services that help them to achieve success in life.

Through the establishment of community schools, the aim of the grant is to increase student achievement and address many of the challenges faced by economically disadvantaged communities.
Grant Background and Purpose

As defined by the Community Schools Incentive Act of 2012, a “community school” is a public and private partnership to coordinate educational, developmental, family, health, and after-school care programs during school and non-school hours for students, families, and local communities at a public school or public charter school. DC Official Code § 38-754.02(2)

- Objectives:
  - Improve academic achievement
  - Reduce absenteeism
  - Build stronger relationships among students, parents, and communities
  - Improve the skills, capacity and wellbeing of the surrounding community residents

The overall goal of the grant is to provide resources that will enable consortia to create and enhance community-based partnerships, develop a framework for continued funding as well as ongoing evaluation of program success.
Grant Requirements
Grant Requirements: Eligibility

- OSSE made grants available through a competitive process to eligible consortia, as defined by the Community Schools Incentive Act of 2012.

- An “eligible consortium” is a partnership established between a local education agency (LEA) in DC and one or more community partners for the purposes of establishing, operating, and sustaining a community school. DC Official Code § 38-754.02(3).
