- OSSE is using external peer reviewers to review and score the applications received for this RFA.
- External peer reviewers may include employees of the District of Columbia government who are not employed by OSSE.
- External peer reviewers are experts in the field or the subject matter.
- An objective rubric will be used by reviewers for scoring each application.
- The final decision rests solely with OSSE.
- After reviewing the recommendations of the review panel and any other information considered relevant, OSSE shall decide which applicants to fund.

# Review Panel

## Expectations of Reviewers

- Draw upon their expertise in evaluating the applications.
- Maintain the confidentiality of the process and information reviewed.
- Let us know ahead of time if issues or conflicts arise.
- Adhere to all deadlines.
- Read independently, score and evaluate applications based on an assessment of the extent to which each application meets the criteria as described in the scoring rubric.
- Make an objective assessment of applications assigned and provide an accurate evaluation of each application reviewed.
- Always be mindful that their scores and comments will determine which applications will be recommended for funding.

# Review Panel

## Readers are required to:

- Read all applications in their entirety.
- Follow all instructions provided.
- Review and consider only the information in the applications. Reviewers are not required to access external documents or websites.
- Provide a numerical score for each criterion.
- Provide constructive written comments that provide meaningful information to the applicant, including suggestions for improvements.
- Adequately address the strengths and weaknesses for each criterion in every application based on the selection criteria.
- Provide summaries of strengths and weaknesses that (1) justify the score awarded for the section and (2) are consistent with each criterion being rated. Statements of strengths and weaknesses must be written in complete grammatically correct sentences.
- Treat all applications in a fair and equitable manner.

# Review Panel

## Scores/Comments Alignment

- The numerical scores to an applicant's response to the criteria must be consistent with your written comments. Comments and scores should reflect the same overall assessment.
- Scores should be checked for accuracy to ensure that the appropriate point scale was used.
- Credit points may be awarded in whole numbers only.
- Comments should both praise strong areas as well as critique weak ones. Comments are most helpful when they provide specific feedback on why something was strong or weak rather than simply describe or reiterate what the applicant stated. Remarks not only should tie directly to the resulting score, but also give an applicant vital feedback for writing future applications.
- Comments should indicate whether the applicant's response to the selection criteria is incomplete, poor, average, good, or excellent.
- Comments MUST be based on the scoring criteria in the rubric
- Strength(s) must be aligned with criterion or criteria for which full points have been given. Weaknesses must be aligned with criterion or criteria for which only partial or no evidence has been found.

# Review Panel

## Characteristics of High Quality Comments

- Are objective/neutral/unbiased.
- Specify exactly which elements of a given criterion the applicant met or did not meet. The difference is clear between comments based on fact and those based on professional judgment.
- Consistent within each criterion, rooted directly in the rubric.
- Specify exactly which elements of a given criterion the applicant met or did not meet.
- Analytical rather than descriptive.
- Detailed and written in complete sentences.
- Limited to information provided in the application and do not imply information that is not included in the application.
- Constructive, courteous, professional, and clearly understandable. Remarks not only should tie directly to the resulting score, but also give an applicant vital feedback for writing future applications.

## Characteristics of Low Quality Comments

- Provide too little documentation (such as writing only “yes” or “good”).
- Repeat the selection criterion rather than provide an analytical assessment.
- Focused on applicants’ grammar and spelling, rather than content.
- Not clearly related to the selection criteria.
- Inconsistent with assigned scores or recommendations.
- Inaccurate based on the information provided in the application.
- Misspelled or have grammatical errors.
- Contain judgments that are outside the scope of the responsibility of the reviewer.
- Would be inappropriate to share with applicants / external audiences.

## Walk-through: EGMS Test Application

## Common Errors and Quick Tips

# Quick Tips

- Hit “Save/Calculate” when Scores are entered or edited on the Reader Scoresheet.
- On the Scoring Summary tab of the Reader Scoresheet, click “Calculate Totals” and “Save Page.”
- Ensure no boxes are blank under “Points Awarded” on the Scoring Summary tab of the Reader Scoresheet.
- On the Scoring Summary tab of the Reader Scoresheet, do not exceed maximum possible “Available Points.”
- Ensure Total Score has been recorded in the indicated space on Reader To Do List before clicking “Submit.”

# Common Errors for Readers

Potential Error 1: Scores are entered, “Save/Calculate” is clicked. Scores are then edited and “Save/Calculate” is not clicked. The revised score will not be updated.

The screenshot shows a web-based scoring interface for OSSE. At the top, there is a navigation bar with seven tabs: OVERVIEW, EXECUTIVE SUMMARY, INFORMATION ABOUT THE ORGANIZATION, ORGANIZATIONAL KNOWLEDGE, PROCESS TO PROVIDE AND MONITOR SUB-GRANTS, DETAILED PLANNED EXPENDITURES, and SCORING SUMMARY. The 'INFORMATION ABOUT THE ORGANIZATION' tab is currently selected and highlighted in grey.

Below the navigation bar, the main content area is titled 'Information about the Organization (Maximum: 10 points)'. It contains two sections:

- Mission and History:** This section has a text area for the organization's mission statement and history. The text area contains the text 'Good work.' and is followed by a scroll bar. To the right of the text area is a score input field with the number '5'.
- Strategic Logic:** This section has a text area for the organization's strategic logic. The text area contains the text 'Great' and is followed by a scroll bar. To the right of the text area is a score input field with the number '4'.

At the bottom of the form, there is a 'Total' row with a score input field containing the number '9'. Below the 'Total' row, there is a blue button labeled 'SAVE/CALCULATE' which is circled in blue.

To resolve Error 1: Click “Save/Calculate” after entering or editing any scores. Confirm that the sub-total for the section is the sum of the scores given to the sub-sections.

# Common Errors for Readers

Note: “Save/Calculate” is one button on all tabs on the Reader Scoresheet, excluding the Scoring Summary.

# Common Errors for Readers

Potential Error 2: A score higher than the maximum allowed for a sub-section will still calculate into the total for the section (i.e. 6 out of 5 for “Mission and History”).

## Final Quick Tips:

- **When in doubt, contact the EGMS help center.** (Note: a record of contact with EGMS will not excuse missing the review submission deadline.)
- **Save early and often** – EGMS times out and kicks users out of the system after 60 minutes of inactivity.
- **Narrative responses may not exceed the stated word count.** If you cut and paste from a Word document, double-check that final sentences/paragraphs are not cut off.
- **EGMS does not handle special characters well.** Contact the EGMS help center if you think you are encountering this problem.
