 - A parent may seek reimbursement when transportation is provided by the family utilizing a private vehicle, a rideshare service, or by Metro bus or train services.

6. Will parents be eligible for reimbursement during the upcoming summer or extended school year (ESY) programs or during the next school year?
 - No, not at this time.
7. Why are parents required to submit a W-9 tax form?
 - A W-9 is required to establish a payment record in the DC citywide system, which will enable OSSE to process payments.
8. Why does it take so long to process a reimbursement?
 - Reimbursement payments do not come directly from OSSE. All reimbursement requests must complete a DC citywide process that is mostly managed and remitted by agency's outside of OSSE.
9. How often can a parent submit a reimbursement? s every week or every month?
 - Any frequency is allowable (e.g. weekly, bi-weekly, monthly, one-time package). It is recommended that reimbursements be submitted as a package of dates as opposed to daily. However, the reimbursement process will be administered quickest when submitted as a one-time package.

- A transportation reimbursement package includes:

11. Can reimbursement be made without a receipt?

- OSSE will reimburse travel for mileage incurred between the student's home address and the student's attending school address only.
14. Will OSSE reimburse parents for the parents, siblings and/or travel for other adults?
- Transportation funding is for the primary purpose of transporting an eligible student to and from school daily. As such, OSSE will reimburse travel for an adult when escorting a student between the home address and the student's attending school only. Travel reimbursement for persons other than the eligible student and one adult escort will be considered on a case-by-case basis and can be approved by OSSE, only, prior to transport.
15. Can a reimbursement be denied?
- Yes. OSSE can deny reimbursement for many reasons. A few examples of a reason for denial are: when school bus transports are available and a parent has not properly opted out, when the required documentation is not submitted, or when reimbursements are submitted for dates outside of the reimbursement period (2023 ESY/summer school or into the 2023-24SY), etc.
16. Can a parent choose to transport outside of the OSSE-DOT modes of transportation?
- OSSE will reimburse transports in accordance with the modes identified in Questions 3 and 4 as documented herein. Transportation modes that have not been approved prior to travel completion can be denied by OSSE.
17. Will OSSE reimburse a parent for time spent escorting a student to school?
- No
18. Why is an attendance record required as a part of the reimbursement package?
- OSSE must verify attendance to validate that the student was present to receive instruction on the days for which reimbursement is requested.
