1. Meeting Called to Order by Julie Camerata at 6:07pm EST.
2. June Town Hall - Julie asked for volunteers to help put the town hall together. SAPSE Members asked for a flyer, and Julie stated that one would be created for distribution.
3. OSSE Presentation - Significant Disproportionality
 - i. Policies and timelines were again reviewed with the SAPSE, as well as specific equations used for calculating SD. Presentation will be emailed to all SAPSE members for review following the meeting.
 - ii. SAPSE members requested a one-pager that could be distributed to the general public, and OSSE stated that they would send.
3. Julie discussed a major issue raised at the first Town Hall meeting : Parents feeling as though they do not know their rights in regards to Special Education processes and services for their children. Julie will be drafting an email to Hanseul with a request for a Parents' Rights training to occur before the end of the 2018-2019 school year. Julie will follow up with us with Hanseul's response.
4. The Committee divided into subcommittees through the Zoom platform. Each committee discussed the relevant work and created action plans for the rest of the year. Each committee then presented their work back to the whole group.
5. Meeting notes from the February meeting were not approved, as the group did not meet quorum. Notes will be sent via email.

Meeting adjourned by Julie Camerata at 8:04pm.
