SMOKE DETECTOR AND CARBON MONOXIDE DETECTOR LOG

5A DCMR Chapter 1, 122.22: A Licensee shall install and maintain working carbon monoxide detectors if there is any gas service in the building. Carbon monoxide detectors shall be tested every six (6) months with a written log of testing records maintained at the Child Development Facility.

5A DCMR Chapter 1, 122.23: A Licensee shall install and maintain an appropriate number of working smoke detectors located in locations consistent with District code requirements and shall ensure they are in working order at all times. Smoke detectors shall be tested quarterly with a written log of testing records maintained at the Child Development Facility
