Test Integrity and Test Security
OSSE’s goal is to develop and provide statewide assessments that yield fair and accurate results. To do this, schools and local education agencies (LEAs) are to administer assessments in consistent and standardized conditions.

The best way for us to support schools and LEAs in administering quality assessments is to ensure educators understand and recognize acceptable and unacceptable assessment practices.

The LEA Integrity Coordinator(s) (LEA Assessment Manager and/or LEA Test Coordinator) is/are responsible for maintaining test integrity and security for the LEA and all the schools/campuses under its purview during the statewide assessment.

LEA Assessment Manager, LEA Test Coordinators for ACCESS for ELLs/Alternate ACCESS, MSAA/DLM, and PARCC/DC Science, and Nonpublic School Test Coordinators names and contact information must be submitted to OSSE each fall. Information can be provided or updated at forms.office.com/g/FnFkX9YuKX.

OSSE will use this information to provide access to online testing platforms and resources. Please ensure it remains up to date and accurate.
Determine Test Windows and Submit to OSSE

Preparation and Planning
Determine Test Windows and Submit to OSSE

School test windows are an essential scheduling tool that serve as the foundation for all assessment planning at the LEA and school.

• The LEA Test Coordinator is responsible for determining school test windows for each school in their purview.

• LEAs and schools have the flexibility to assess students at any time within the published window for each assessment.

• Testing windows can vary between schools within the same LEA, but must be defined in the testing schedule that each school submits with their school test security plan.

• Testing window should include time for makeup testing dates.

• Once the test windows are selected for schools, the LEA Test Coordinator must open a draft school test security plan and select the assessment type and test window in the OSSE School Test Plans QuickBase Application.
School test security plans are due **15 business days** before the start of each school’s test window.

School test windows submitted to the [OSSE School Test Plans Quickbase Application](https://osse.org/quickbase) will be used to calculate when each school test plan is due.
Apply for Alternate Assessments

Preparation and Planning
Apply for Alternate Assessments

Eligibility for participation in any alternate assessment for the 2021-22 school year begins with LEAs completing the appropriate documentation in the Special Education Data System (SEDS). During the individualized education program (IEP) development process, or through an IEP amendment, IEP teams are to carefully review OSSE’s participation criteria to identify individual students for whom it may be most appropriate to participate in the alternate assessment program.

Every fall, OSSE reviews student records to determine eligibility for alternate assessment participation for the current school year. The deadline for applying for alternate assessment participation for the 2021-22 school year was **Oct. 15**.

If you have questions, please contact Michael Craig at Michael.Craig@dc.gov.
All statewide assessments (PARCC, DC Science, MSAA, DLM, and ACCESS) are secure assessments and are to adhere to all test integrity and security requirements set forth in all DC/OSSE laws, rules and regulations.

Complete OSSE Assessment Trainings

• OSSE hosts many trainings to support LEA and school users with the administration of statewide assessments. To view the complete training schedule, please visit: osse.dc.gov/page/test-coordinator-resources

• All of the OSSE facilitated assessment trainings are optional except for the required Test Security Training Modules.
  • All LEA Assessment Managers, LEA Test Coordinators, and Nonpublic School Test Coordinators must complete OSSE’s Test Security Training each year
  • OSSE follows the “train-the-trainer” model for Test Security Training

OSSE ➔ LEA Test Coordinator ➔ LEA and School Authorized Personnel
Complete OSSE Assessment Trainings

**Test Security Train-the-Trainer Steps:**

1. Complete OSSE’s Test Security Training
2. Review test security resources provided by OSSE and assessment vendors
3. Plan LEA/school level test security and administration training for each assessment your LEA/school administers
4. Reach out to OSSE and assessment vendors for questions or clarification
5. Schedule training dates with your staff and include training dates in your school test security plan
6. Train all authorized personnel and share the [Test Security and Integrity Notification Statement](#) with them prior to test administration
All LEA Assessment Managers, LEA Test Coordinators, and Nonpublic School Test Coordinators must complete all modules of Test Security Training.

School test security plans will not be approved if the LEA Test Coordinator or Nonpublic School Test Coordinator listed in the plan did not complete Test Security Training.
